Reconciliation between Reported and Underlying Financial Information

The Group's objective in preparing underlying financial information is to enable the investment community to better understand the Group's underlying operational performance.

The Group achieves this objective by providing information that:

- is representative of SkyCity's underlying performance as a potential indicator of future performance; and
- enables comparison across financial periods.

Underlying results are also used for internal purposes such as budgeting and staff incentives, but not for financing decisions.

Non-GAAP information is prepared in accordance with a Board approved Non-GAAP Financial Information Policy and is reviewed by the Board at each reporting period.

Application of the Group's Non-GAAP Financial Information Policy is consistent with the Board-approved approach.
