## **Booster Innovation Fund adds Captivate Technology to its investment portfolio**

Booster is pleased to announce the addition of Captivate Technology to the Booster Innovation Fund (BIF) portfolio.

Captivate operates in the carbon capture part of the energy and clean technologies sector. It specialises in carbon dioxide capture through their development of a novel, sponge-like metal organic framework . Captivate was formed in 2022, and is classified as seed stage, with its technology origins being from Massey University.

BIF has made a cash investment of \$150,000. Following this transaction (and issue of additional units to fund the purchase), Captivate will represent 1.1% of BIF's investment portfolio of 31 companies, and with a net asset value of over \$13.9M.

Investors can continue to purchase units in BIF on the NZX or can subscribe for units in the fund as part of the process described in the fund's Product Disclosure Statement (PDS) that is available at [www.booster.co.nz](http://www.booster.co.nz)

For further information regarding BIF visit <https://www.booster.co.nz/booster-investments/booster-innovation-fund.aspx>
