The offer contained in this Terms Sheet is an offer of bonds that have identical rights, privileges, limitations and conditions (except for the interest rate and maturity date) as Investore's:

- \$100,000,000 senior secured fixed rate bonds maturing on 18 April 2024 (which have an interest rate of 4.40% p.a.), which are currently quoted on the NZX Debt Market under the ticker code IPL010; and

(together the Existing Bonds).

Accordingly, the Bonds offered will be the same class as the Existing Bonds for the purposes of the FMCA and the Financial Markets Conduct Regulations 2014.

Investore is subject to a disclosure obligation that requires it to notify certain material information to NZX Limited (NZX) for the purpose of that information being made available to participants in the market and that information can be found by visiting www.nzx.com/companies/IPL.

The Existing Bonds are the only debt securities of Investore that are currently quoted in the same class as the Bonds.

Investors should look to the market price of the Existing Bonds referred to above to find out how the market assesses the returns and risk premium for those bonds. When comparing the yield of two debt securities, it is important to consider all relevant factors (including the credit rating (if any), maturity and the other terms of the relevant debt securities).
