Sustainable Debt Framework, use of proceeds and Green Bond Principles

Kiwi Property has developed and adopted its Sustainable Debt Framework to ensure that, as at the date of the PDS, its processes for evaluating and selecting Eligible Projects and managing and reporting on the use of the proceeds of the Green Bonds are consistent with the core components of Green Bond Principles (June 2021).

In accordance with the Sustainable Debt Framework, Kiwi Property intends to notionally allocate an amount equal to the proceeds of the Offer to finance or refinance its direct and indirect investments in low carbon and energy efficient buildings that meet the eligibility criteria set out in the Sustainable Debt Framework (being Eligible Projects). Consistent with this, Kiwi Property will apply the net proceeds of the Offer to repay existing bank debt of the Group.

As at the date of the PDS, Kiwi Property intends to ensure that the aggregate value of the pool of Eligible Projects is at least equal to the aggregate amount of all of its outstanding green bonds (including the Green Bonds) and green loans.

The Sustainable Debt Framework provides for Kiwi Property to make annual use of proceeds reporting, impact reporting, and any amendments to the Sustainable Debt Framework publicly available. Kiwi Property intends to seek assurance from a limited assurance provider on an annual basis in relation to its green debt (including the Green Bonds).

The Sustainable Debt Framework does not form part of the contractual terms of the Green Bonds. If Kiwi Property fails to comply with the Sustainable Debt Framework or the relevant market standards described in the Sustainable Debt Framework (including the Green Bond Principles) or if the Green Bonds cease to satisfy the Green Bond Principles:

- this does not constitute an Event of Default or any other breach in relation to the Green Bonds;
- there is no requirement on Kiwi Property to repay the Green Bonds early; and
- the Green Bonds may cease to be labelled as "green".

This means there is no legal obligation for Kiwi Property to comply with the Sustainable Debt Framework or the relevant market standards described in the Sustainable Debt Framework (including the Green Bond Principles) on an ongoing basis.

Refer to the PDS for more information on Eligible Projects, the Sustainable Debt Framework and the Green Bond Principles.

For the avoidance of doubt, the selling restrictions set out in this section headed “Part A – Initial selling restrictions” apply only in respect of the Offer.

United States of America

The Green Bonds have not been and will not be registered under the Securities Act of 1933, as amended (**Securities Act**) and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act (**Regulation S**)). “The Green Bonds covered hereby have not been registered under the United States Securities Act of 1933, as amended (the **Securities Act**) or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered or sold within the United States, or to or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering of the Green Bonds and the closing date. Terms used above have the meaning given to them by Regulation S.”

Member States of the European Economic Area

In relation to each Member State of the European Economic Area, no Green Bonds have been offered and no Green Bonds will be offered that are the subject of the offering contemplated by this Terms Sheet in relation thereto to the public in that Member State except that an offer of Green Bonds to the public in the Member State may be made:

For the purposes of this provision, the expression an “**offer of the Green Bonds to the public**” in relation to any Green Bonds in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Green Bonds to be offered so as to enable an investor to decide to purchase or subscribe for the Green Bonds and the expression “**EU Prospectus Regulation**” means Regulation (EU) 2017/1129.
