CHAIRMAN'S REPORT

RTO LIMITED

For the six months ended 30 September 2024

28 November 2024

Dear Shareholder,

Activities during the period 1 April 2024 to 30 September 2024

During the period commencing 1 April 2024 and ending 30 September:

- the Company did not undertake any business activities.
- The Board was actively engaged in seeking to identify a potential business to acquire as part of a reverse Takeover transaction (RTO).

Change of Director

- Mr Michael Chai resigned as a director of the Company with effect from 22 April 2024. As a consequence, his alternate director Steve Chua also ceased to hold office on 22 April 2024.

Change of Name and Ticker Code

- The Company changed the name of the Company to "RTO Limited" and the Company's ticker code from "BGI" to "RTO".

Restructure of Secured Bonds

- At 31 March 2024, the Company's major shareholder, Blackwell Global Group Limited ("Shareholder") held Secured Bonds issued by the Company for the sum of \$550,000. At the request of the independent directors:
 - the Shareholder agreed to forgive the repayment of \$200,000 of those Secured Bonds with effect on 24 April 2024.
 - The Shareholder agreed to forgive the repayment of a further \$100,000 of the Secured Bonds with effect from 26 August 2024.
 - The Shareholder capitalised the remaining balance of \$250,000 of the Secured Bonds into 62,500,000 new ordinary fully paid shares.
- The liability of the Company under the Secured Bonds has now been extinguished in full.
- The funds realised through the forgiveness of the liability under the Secured Bonds, together with the additional free cash held by the Company, will be deployed by the Board towards:
 - the payment of the Company's ongoing compliance and administrative costs.
 - investigating a reverse takeover transaction. Any reverse takeover transaction will have the effect of diluting down the Shareholder's shareholding interest, and Mr Chai's personal shareholding interest in the Company significantly.

Consolidation

- On 30 August 2024, the Company completed a share consolidation whereby each 73.6259 shares on issue were consolidated into one ordinary share in the Company. This consolidation resulted in the total number of shares on issue in the Company being reduced to 10,000,026.

CHAIRMAN'S REPORT

RTO LIMITED

For the six months ended 30 September 2024

Going Forward

The Board continues to actively looking to identify a suitable business opportunity to invest in and/or acquire through a reverse takeover transaction (RTO). Discussions have been had with several potential acquisition targets to date, but none of those discussions have developed into a tangible transaction to date.

What is an RTO?

An RTO is a transaction structured such that the Company would acquire 100% of the business assets, or the shares in the company that owns the business assets, in consideration for the payment of cash and/or the issue of new shares in the Company, to the vendors, to fund the acquisition.

The new business acquired would then effectively become a subsidiary of the Company (the listed company), trading on the NZX Main Board. The stakeholders in the business acquired, would ultimately become shareholders in the Company as part of the RTO, and would have representation at the Board level as appropriate.

In conjunction with the RTO process, the Company would seek to raise additional growth capital to assist in funding the future growth of the business.

Investment Criteria

The Board is focusing on business opportunities that satisfy one or more of the following investment criteria:

- The business has excellent personnel and management.
- The business operates in an attractive and positive business sector.
- The business has a robust business model.
- The business has solid historical earnings, or alternatively has a sound business platform from which to implement its business plan and generate strong earnings in the future.
- The business owns proprietary intellectual property.
- The business has potential to grow organically, via acquisition, or through the further investment in capital plant.
- The business has the potential to scale internationally.
- The business would benefit from being able to raise additional capital on the market.

The Board continues to investigate all credible investment opportunities that may present themselves and are hopefully of having a transaction underway during the course of this calendar year.

Yours sincerely

Sean Joyce
Chairman

The bond agreement with BGGL was amended by Deed of Variation dated 24 March 2020. The maturity period was extended from three to four years, and the interest rate reduced from 6% to 0% for six months starting 24 March 2020.

On 25 November 2020 a Letter of Undertaking was agreed with BGGL further extending the bond maturity date to 30 June 2022, with 0% interest until maturity.

In June 2021, the Company redeemed \$1,000,000 of the Bonds for cash and paid \$750,000 to BGGL in June 2021, and \$250,000 in August 2021.

This development provided the Company with an additional \$500,000 of capital which provided the Company with sufficient working capital to fund the outgoings and expenses.

13. Going Concern

The Group has incurred a net profit for the period of \$151,937 (30 September 2023: loss of \$124,757), (31 March 2024: loss of \$245,732) and as of 30 September 2024 has an equity surplus of \$568,129. The Company has sufficient cash resources to meet its "business as usual" financial obligations as comprise a going concern for the next 24 months. Should these cash resources deplete unexpectedly, this may indicate the existence of a material uncertainty that would impact the adoption of the going concern assumption. The Board has implemented several strategies to reduce the outgoings of the Company and is actively looking to identify a suitable business opportunity to invest in and/or acquire through a reverse takeover transaction (RTO).

The Company can meet business as usual costs given the current bank balance of \$480,897.

The Directors in determining that the financial statements be prepared on a going concern basis have taken into account events after the balance date.
