

Gentrack Group Limited

# Interim Financial Statements

For the six months ended 31 March 2024

- **Revenue:** \$102m up 21% on H1'23 and up 58% when excluding \$19.7m of one-off revenues in prior period from insolvent customers.
- EBITDA: \$12.3m and tracking well against our FY24 guidance. H1'23 EBITDA of \$16m included one-off high margin revenue from insolvent customers.
- Statutory NPAT: \$5.3m profit v \$7.9m in H1'23
- Cash: \$39.3m after investing \$12.9m in Amber during period v
   \$41.9m at H1'23

Across the first half of the financial year, Gentrack has again delivered strong revenue growth, with even stronger underlying growth when allowing for one-off revenues from last year. Growth is driven by recent and in-year new customers as well as upsells and upgrades for existing customers. In Utilities we have seen growth in all our core markets, (New Zealand, Australia, and the UK), and this financial year we have added Saudi Arabia as a source of growth. Veovo expanded its coverage of major airports with new wins in existing markets such as the UK and the Middle East.

#### **Financial performance**

Revenues increased 21% over the prior year period to \$102m. In Utilities, total revenue grew by 17% to \$86.5m. Underlying Utilities revenue, excluding \$19.7m of revenue from insolvent customers in the prior year period, grew by 60%. Major projects starting during the period including in Saudi Arabia (a new customer secured in October 2023) and at Genesis Energy in New Zealand helped drive our non-recurring revenues 85% higher to \$28.9m. Whilst wins and upsells from prior periods increased our underlying annual recurring revenues by 49% over the prior period to \$57.6m.

New customer wins in the UK and the Middle East have powered Veovo to a 49.4% increase in revenue over the prior period to \$15.5m. The project work to implement these wins alongside upgrades from existing customers have driven non-recurring revenues 112% higher v H1'23 to \$7.6m. This includes \$3.8m (\$1.1m in H1'23) of revenue from sales of hardware and

related services sourced from our supplier network. Customer wins and upgrades from prior periods have also pushed annual recurring revenues 16% higher than H1′23 to \$7.9m.

EBITDA at \$12.3m is tracking well against guidance for FY24 and our NPAT was \$5.3m v \$7.9m for the prior year period, which included one-off profits from the exit of high margin customer, Bulb. We have continued to increase investment in strategic R&D, all of which has been expensed, and are increasing our sales & marketing spend to support our international expansion.

Our cash as of 31 March 2024 was \$39.3m. This was after investing \$12.9m in a 10% stake in Amber funded partly out of cash generated during the period and the remainder from the \$49.2m cash balance from the end of the last financial year.

Gentrack's Utilities and Veovo businesses both operate in markets with strong growth potential. The Board continues to believe that the best use of the company's capital is to continue to invest in growth. We have therefore decided not to pay an interim dividend. We will continue to keep the use of capital under review.

# Growing our energy and water customers in our core markets

Our underlying growth in Utilities is a result of recent new customer wins alongside upselling new products to our existing customers. We have also started on the journey to upgrade existing customers to our new g2.0 solution with Salesforce's Energy and Utility Cloud embedded. In

#### MANAGEMENT COMMENTARY

November 2023, Genesis Energy selected our g2.0 solution to modernise their business and this transformation program is now underway.

In February 2024, we announced our investment in Amber, an Australian based technology company and energy retailer that gives customers direct access to real time energy prices and the technology to automate their home batteries and EVs. Part of the funds from the investment will be used by Amber to replace their existing billing platform with Gentrack's. Our investment also includes an agreement that will see us work together to develop, and take to market, an end-to-end solution for billing, care and optimisation for household batteries, EV chargers and other smart devices to automate load shifting for customers. Early discussions with our existing and target customers demonstrate high levels of interest for this leading innovative solution.

We remain confident in growth in Australia where we hold a strong competitive position and see near term opportunities to grow our customer base.

In the UK, to meet a major new regulatory change starting in 2025, energy retailers will need to ensure their technology platforms can deliver Market-wide Half Hourly Settlement (MHHS). We have developed this functionality and during this half year secured the first two of our existing customers on this new product with remaining customers expected to follow over the next 12 months.

We also secured our first upsell in the UK for our new profit & risk product. This product enables utilities to achieve a step-change in their understanding of their volumes and gross margin down to the meter level. Using configurable dashboards it can provide insights over customer, product level and regional profitability. It's another example of how we can help utilities take advantage of the increasing data flows within their business.

# Targeting international expansion for Utilities

Following our first Utilities contract win in Saudi Arabia in October 2023, we are making good progress deploying our g2.0 solution for both their energy and water B2C customers. Successful delivery here will help us to build our pipeline in the region as we target expansion in the wider Middle East.

In Singapore, we already serve the country's B2C residential market at energy retailer PacificLight. This half year, our platform has gone live at Senoko Energy supporting B2B customers there. Our Asian business development team based at our Singapore hub is making good progress in building our pipeline for the wider South East Asian region, where we are focused on a few large, key markets.

#### **Growing our airport customers**

In March 2024 we were pleased to announce our contract win at Manchester Airports Group, which adds the major airports of Manchester and London Stansted as well as the UK's East Midlands airport to those using our Passenger Predictability software.

During this half year, we have also seen our recent customer win in Saudi Arabia expand its coverage of new airports in that country and have been progressing our delivery to Dubai airports, also a new customer secured last year.

Combined with strong demand for upgrades and expanded scope from existing customers, this has delivered exceptional revenue growth at Veovo. Revenue for this half year includes a high proportion of project revenues, both professional services and hardware sales. However, these non-recurring revenues will lead to higher annual recurring revenues in future periods and Veovo's pipeline over both new and existing customers remains strong.

# MANAGEMENT COMMENTARY

# **Looking Forward**

We have positioned Gentrack as a leader in innovation. We are excited to be able to demonstrate the increasing value our platforms and new products can bring to customers.

Both the utilities and airports industries are transforming at pace. They are dynamic markets in a state of change, and we are confident in our ability to lead these markets globally over time.

We'd like to thank our customers and shareholders for their continued support and the entire Gentrack team for their achievements and for their commitment to Gentrack's future.

FOR THE SIX MONTHS ENDED 31 MARCH 2024

#### 1. BASIS OF PRESENTATION AND ACCOUNTING POLICIES

These unaudited interim financial statements of Gentrack Group Limited (the Company) and its subsidiaries (together "Gentrack Group") have been prepared in accordance with the New Zealand equivalent of International Accounting Standard 34: Interim Financial Reporting (NZ IAS 34) and New Zealand Generally Accepted Accounting Practice (NZ GAAP). In complying with NZ IAS 34, these statements comply with International Accounting Standard 34: Interim Financial Reporting.

Gentrack Group is a profit-oriented entity for financial reporting purposes.

The Company is an FMC entity for the purposes of the Financial Markets Conduct Act 2013 and is listed on the New Zealand Stock Exchange (NZX) and the Australian Securities Exchange (ASX).

These unaudited consolidated condensed interim financial statements of Gentrack Group for the six months ended 31 March 2024 have been prepared using the same accounting policies and methods of computation as, and should be read in conjunction with, the financial statements and related notes included in Gentrack Group's Annual Report for the year ended 30 September 2023.

#### 2. OPERATING SEGMENTS

Gentrack Group currently operates in two business segments: utility billing software and airport management software. These segments have been determined based on the reports reviewed by the Board (Chief Operating Decision Maker) to make strategic decisions.

In the table below we split the revenues between point in time and over time recognition: Over time recognition is when the fulfilment of our obligation to provide goods and services and the customer's ability to obtain the benefit from that occurs continuously over a period of time. Point in time recognition is where that happens at a point in time. Revenue recognised over time include annual fees, support services and project revenues recognised over the stages of completion. Revenue recognised at a point in time includes the part of our managed services revenue which is recognised when the customer benefits have been confirmed and, within our Veovo business, hardware sales included as part of the implementation of a project.

The assets and liabilities of Gentrack Group are reported to and reviewed by the Chief Operating Decision Maker in total and are not allocated by business segment. Therefore, operating segment assets and liabilities are not disclosed.

#### 8. BANK LOANS

Gentrack Group has a NZ\$25 million multi-currency facility loan agreement with Bank of New Zealand (BNZ). This facility is to provide additional funding as required for acquisitions and general corporate purposes. The BNZ facility expires on 16 December 2024.

The facility is secured by a general security agreement under which the bank has a security interest in Gentrack Group assets. Covenants are in place and compliance is reported quarterly. At all times during the period Gentrack Group has met the covenant requirements.

At 31 March 2024, \$Nil (2023: nil) of the facility has been drawn down.

FOR THE SIX MONTHS ENDED 31 MARCH 2024

#### 9. SHARE CAPITAL

		SHARES ISSUED			SHARE CAPITAL	
	31 MARCH 2024	31 MARCH 2023	30 SEPTEMBER 2023	31 MARCH 2024	31 MARCH 2023	30 SEPTEMBER 2023

	103,135	101,229	101,798	198,966	195,193	196,031

#### 10. RELATED PARTIES

Key management personnel that have the authority and responsibility for planning, directing, and controlling the activities of Gentrack Group, directly or indirectly and include the Directors, the Chief Executive Officer and their direct reports.

Key management personnel compensation for the period which includes the accounting charge for LTIs was \$8.7m (2023: \$5.8m). Directors fees were \$0.3m for the period (2023: \$0.3m).

Related parties are materially consistent with those disclosed in the 2023 Annual Report.

#### 11. EMPLOYEE SHARE SCHEME

At the Special Shareholders meeting, held on 9th October 2023, shareholders approved the issue of up to 9,437,000 performance rights in total for the CEO and senior management under the Senior Leadership Long Term Incentive Scheme in respect of the financial years ending 30 September 2024, 2025, and 2026. These performance rights are subject to achieving both EPS and share price appreciation hurdles. The Earnings Per Share (EPS) hurdle is set at fixed rates for each vesting year and for the share price appreciation hurdle an incremental vesting scale applies for performance rights eligible to vest.

To determine the fair value of each grant made under this scheme for accounting purposes, a weighted estimate of the number of shares expected to vest is made based on the probability of each share price appreciation hurdle being met at each vesting date. These probabilities have been derived by considering the published guidance (available at the date each grant is awarded) of market analysts over Gentrack's share price and future growth. The weighted estimate assumes an 80% probability that the share price reached at vesting dates lies within the range created using this guidance. However, varying this assumption by 5% up or down does not significantly affect the accounting charge derived from this valuation model.

For grants made in prior financial years under the Senior Leadership Long Term Incentive performance rights are subject to a combination of tenure and a share price appreciation hurdle, split evenly and that will vest after 18 months and three years respectively, dependent on achievement of the period of service and performance hurdle. For the CEO, performance rights granted in prior financial years under CEO Long Term Incentive Scheme, performance rights are subject to a combination of tenure and performance hurdles vesting across a 3 year period from the date of grant. The performance hurdles are either dependent on EPS CAGR or Share Price Appreciation.

The Group also operates the Gentrack Long Term Incentive Scheme for selected key employees who are not part of the Senior Leadership Long Term Incentive Scheme. These performance rights are subject to the participants continuing to be employed by Gentrack Group at the end of the vesting period.

FOR THE SIX MONTHS ENDED 31 MARCH 2024

#### 11. EMPLOYEE SHARE SCHEME (CONTINUED)

During the period Gentrack Group granted unlisted performance rights for Nil consideration to employees under the following schemes:

	6 MONTHS 31 MARCH 2024	6 MONTHS 31 MARCH 2023	12 MONTHS 30 SEPTEMBER 2023
	UNAUDITED	UNAUDITED	AUDITED
	000	000	000

	NZ\$000	NZ\$000	NZ\$000
Amber Holding Corporation Pty Limited	12,578	-	-
Investments in an associate	12,578	-	-

On January 31, 2024, Gentrack Group finalised a subscription deed, obtaining a 10% stake in Amber Holding Corporation Pty Limited (Amber) through shares, valued at approximately \$12.9 million (AU\$12 million).

Amber is an Australian based technology company and energy retailer that gives customers direct access to real time energy prices and the technology to automate their home batteries and EVs. Amber is a private entity that is not listed on any public exchange.

The Group has a seat on Amber's Board. According to NZ IAS 28, Gentrack's presence on Amber's Board signifies the existence of Gentrack's significant influence over Amber, leading Gentrack Group to use of the equity method of accounting for its interest in Amber in the consolidated financial statements.

FOR THE SIX MONTHS ENDED 31 MARCH 2024

#### 13. GOODWILL

Goodwill is stated at its initial fair value less any accumulated impairment losses. Goodwill is allocated to cash-generating units and is not amortised but is tested annually or when indicators of impairment are present.

	6 MONTHS 31 MARCH 2024	6 MONTHS 31 MARCH 2023	12 MONTHS 30 SEPTEMBER 2023
	UNAUDITED	UNAUDITED	AUDITED
	NZ\$000	NZ\$000	NZ\$000
Opening balance	109,420	106,240	106,240
Exchange rate differences	2,768	1,309	3,180
Closing net book value	112,188	107,549	109,420
Goodwill allocated to Utilities	109,288	104,649	106,520
Goodwill allocated to Airport 20/20	2,900	2,900	2,900
Net book value	112,188	107,549	109,420

#### 14. IMPAIRMENT TESTING

At each reporting date, Gentrack Group assesses whether there is any indication that an asset may be impaired. For the period ended 31 March 2024 no indicators of impairment were present and as a result no impairment testing was required to be carried out.

#### 15. FINANCIAL INSTRUMENTS

Gentrack Group's financial liabilities are measured at amortised cost.

Gentrack Group's financial assets and liabilities by category are summarised as follows:

#### CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise of cash at bank including cash held on short term deposits and the carrying amount is equivalent to fair value.

#### TRADE RECEIVABLES

These assets are short term in nature and are reviewed for impairment; the carrying value approximates to their fair value.

#### TRADE PAYABLES

These liabilities are mainly short term in nature with the carrying value approximating to their fair value.

#### **FAIR VALUES**

Gentrack Group's financial instruments that are measured subsequent to initial recognition at fair values are grouped into levels based on the degree to which their fair value is observable:

Level 1 - fair value measurements derived from quoted prices in active markets for identical assets.

Level 2 - fair value measurements derived from inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - fair value measurements derived from valuation techniques that include inputs for the asset or liability which are not based on observable market data.

There have been no transfers between levels or changes in the valuation methods used to determine the fair value of Gentrack Group's financial instruments during the period. At 31 March 2024, Gentrack Group has no level 3 financial instruments (2023: \$Nil).

FOR THE SIX MONTHS ENDED 31 MARCH 2024

#### 15. FINANCIAL INSTRUMENTS (CONTINUED)

#### FINANCIAL INSTRUMENTS BY CATEGORY

#### 18. EVENTS AFTER BALANCE DATE

On 17 May 2024, the Gentrack Group Board determined that no interim dividend will be paid out for the first half of this financial year (2023: \$Nil).

# Independent Auditor's Review Report

# To the shareholders Gentrack Group Limited

#### Conclusion

We have reviewed the interim consolidated financial statements of Gentrack Group Limited and its subsidiaries (together "the Group") which comprise the consolidated condensed statement of financial position as at 31 March 2024, and the consolidated condensed statement of comprehensive income, consolidated condensed statement of changes in equity and consolidated condensed statement of cash flows for the six months ended on that date, and other explanatory information. Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim consolidated financial statements of the Group do not present fairly, in all material respects, the financial position of the Group as at 31 March 2024, and its financial performance and its cash flows for the six months ended on that date, in accordance with New Zealand Equivalent to International Accounting Standard 34: Interim Financial Reporting (NZ IAS 34) and International Accounting Standard 34: Interim Financial Reporting (IAS 34).

This report is made solely to the Company's shareholders, as a body. Our review has been undertaken so that we might state to the Company's shareholders those matters we are required to state to them in a review report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's shareholders as a body, for our review procedures, for this report, or for the conclusion we have formed.

#### Basis for conclusion

We conducted our review in accordance with NZ SRE 2410 (Revised) Review of Financial Statements Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's responsibilities for the review of the financial statements section of our report. We are independent of the Group in accordance with the relevant ethical requirements in New Zealand relating to the audit of the annual financial statements, and we have fulfilled our other ethical responsibilities in accordance with these ethical requirements.

Ernst & Young provides statutory account filing services to Veovo A/S. Partners and employees of our firm may deal with the Group on normal terms within the ordinary course of trading activities of the business of the Group. We have no other relationship with, or interest in, the Group.

# Directors' responsibility for the interim consolidated financial statements

The directors are responsible, on behalf of the Entity, for the preparation and fair presentation of the interim consolidated financial statements in accordance with New Zealand Equivalent to International Accounting Standard 34: *Interim Financial Reporting* and for such internal control as the directors determine is necessary to enable the preparation and fair presentation of the interim consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's responsibilities for the review of the interim consolidated financial statements

Our responsibility is to express a conclusion on the interim consolidated financial statements based on our review. NZ SRE 2410 (Revised) requires us to conclude whether anything has come to our attention that causes us to believe that the interim consolidated financial statements, taken as a whole, are not prepared in all material respects, in accordance with New Zealand Equivalent to International Accounting Standard 34: *Interim Financial Reporting*.

A review of interim consolidated financial statements in accordance with NZ SRE 2410 (Revised) is a limited assurance engagement. We perform procedures, consisting of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing (New Zealand) and consequently do not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion on those interim consolidated financial statements.

The engagement partner on the review resulting in this independent auditor's review report is Grant Taylor.
