

BIF – Ongoing Demand for Units on NZX

30 November 2022

Demand for BIF units from buyers through the NZX continues to be steady and in excess of supply from existing investors.

To continue to meet this steady demand, the Manager of the Fund will issue further new units (approximately 100,000) to Booster Financial Services Limited (the parent company of the Manager), who will offer these units on the NZX Main Board at the Fund's net asset value. These units will be available on Monday 5 December 2022 on completion of the 2-day settlement process.
