KMD BRANDS LIMITED

INTERIM REPORT 2025

DIRECTORS' REPORT

The Directors of KMD Brands Limited present the Interim Report for the Company and its controlled entities for the half year ended 31 January 2025.

Review of Operations

Group sales for the interim period of \$470.9 million are 0.5% above last year. Direct-to-consumer sales trends continue to improve for all three brands. This was underpinned by improved Black Friday and Christmas trade, and all brands achieving double digit online growth. The wholesale market is taking longer to recover. Wholesale accounts remain cautious on pre-season commitments in a challenging market. Forward orders and in-season buying from key accounts support an improving wholesale trend leading into 2026.

Gross margin decreased -0.3% of sales below last year to 58.5%, remaining resilient despite increased promotional intensity for Kathmandu and clearance of inventory for Oboz.

All brands continue to actively manage operating expenses while facing global cost pressure. Kathmandu has invested an additional \$3 million YTD to refresh brand advertising, increase product newness and innovation, and improve the customer experience.

At 31 January 2025 the Group had a net debt position of \$76.2 million, with funding headroom of approximately \$215 million.

Net working capital was \$33.6 million lower than 31 January 2024, with a significant reduction in inventory. Inventory positions continue to moderate back towards historical levels, with further moderation expected through the second half of FY25 and into FY26.

No interim dividend has been declared.

and 11-2.

A further review of the operations of the Group is set out in the accompanying media release of 26 March 2025.

Seasonality

Due to the seasonal nature of the Group's activities, the activities in the second half of the year historically provide a larger portion of the sales and net profit for the full year.

Signed in accordance with a resolution of the Directors:

David Kirk Director Abigail Foote Director

1 GENERAL INFORMATION

KMD Brands Limited (the Company) and its subsidiaries (together the Group) is a designer, marketer, retailer and wholesaler of apparel, footwear and equipment for surfing and the outdoors. It operates in New Zealand, Australia, North America, Europe, South East Asia, Japan and Brazil.

The Company is a limited liability company incorporated and domiciled in New Zealand. KMD Brands Limited is a company registered under the Companies Act 1993 and is an FMC reporting entity under Part 7 of the Financial Markets Conduct Act 2013. The address of its registered office is 223 Tuam Street, Central Christchurch, Christchurch.

These consolidated interim financial statements have been approved for issue by the Board of Directors on 26 March 2025, and have been reviewed, not audited.

2 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

These general-purpose financial statements for the six months ended 31 January 2024 have been prepared in accordance with NZ IAS 34, Interim Financial Reporting. In complying with NZ IAS 34, these consolidated interim financial statements also comply with IAS 34.

These consolidated interim financial statements do not include all the notes of the type normally included in an annual financial report. Accordingly, this report should be read in conjunction with the audited financial statements of KMD Brands Limited for the year ended 31 July 2024 which have been prepared in accordance with the New Zealand equivalents to International Financial Reporting Standards (NZ IFRS) and International Financial Reporting Standards (IFRS).

The Group is designated as a profit-oriented entity for financial reporting purposes.

The consolidated interim financial statements are presented in New Zealand dollars, which is the Group's presentation currency.

3 ACCOUNTING POLICIES

The consolidated interim financial statements have been prepared using the same accounting policies and methods of computation as those used in the audited financial statements of KMD Brands Limited for the year ended 31 July 2024.

Use of non-GAAP disclosures

At times non-GAAP disclosures have been used in the consolidated financial statements. These disclosures have been included as they are key measurement criteria on which the Group and operating segments are reviewed by the Group Chief Executive Officer, Group Executive Management team and the Board of Directors. The following non-GAAP measures are relevant to the understanding of the Group's financial performance:

- Earnings before interest, tax, depreciation and amortisation (EBITDA) represents earnings before income taxes excluding interest income, interest expense, depreciation, and amortisation, as reported in the financial statements.
- Earnings before interest and tax (EBIT) represents EBITDA less depreciation and amortisation.
- Net debt represents cash and cash equivalents less interest-bearing liabilities. Net debt does not include lease liabilities.

Non-GAAP financial information does not have a standardised meaning prescribed by GAAP and therefore may not be comparable to similar financial information presented by other entities. The non-GAAP information within the consolidated financial statements is subject to review procedures.

New standards first applied in the period

There are no new standards first applied in the period.

Standards, interpretations, and amendments to published standards that are not yet effective

NZ IFRS 18 Presentation and Disclosure in Financial Statements is applicable to the Group from 1 August 2027. NZ IFRS 18 will supersede NZ IAS 1 *Presentation of Financial Statements* and is intended to improve comparability and transparency in the presentation of financial statements. The Group's assessment of the impact remains ongoing.

There are no other standards or amendments published but not yet effective that are expected to have a significant impact on the Group.

4 CLIMATE CHANGE RISK

The Group's operations may be impacted by future climate change. These impacts may be physical (e.g. severe or unusual weather patterns and events) or transitional (e.g. changes to government regulations or customer and supplier needs and demands).

The Group regularly assesses its operating environment to monitor its exposure to risk, including climate related risk. Specific consideration has been given in these financial statements to the impact of future climate change on the useful lives of the Group's property, plant, and equipment, the inclusion of expected renewals in the lease term for right-of-use assets and sustainability linked loans. The identified climate-related risks and opportunities including both physical and transitional impacts have been considered as part of the above accounting judgements and estimates.

In November 2024 the Group published its first Climate-Related Disclosure (CRD) prepared in accordance with the Aotearoa New Zealand Climate Standards (NZ CS). The CRD covers the 12 month period ended 31 July 2024 and should be read in conjunction with the Group's FY24 Annual Integrated Report.

7 SEGMENTAL INFORMATION

The Group has three operating segments representing the brands owned by the Group and a Corporate segment. These operating segments have been determined based on the reports reviewed by the Group Chief Executive Officer and Group Executive Management team.

- Rip Curl designer, manufacturer, wholesaler and retailer of surfing equipment and apparel.
- **Kathmandu** designer, retailer and wholesaler of apparel, footwear and equipment for outdoor travel and adventure.
- Oboz designer, wholesaler and online retailer of outdoor footwear.

The Corporate segment represents group costs, holding companies and consolidation eliminations and constitutes other business activities that do not fall within the brand segments.

The default basis of allocating shared costs is percentage of revenue with other bases being used where appropriate.

10 INTANGIBLE ASSETS

Carrying value of intangible assets

The Group market capitalisation is below the carrying value of net assets and the Group has made a net loss after income tax of \$20,704,000 for the period. Historically the second half of the financial year is more profitable and generates more cash flow and therefore we do not consider the short term results an indicator of impairment. In addition, our internal valuation models continue to provide sufficient headroom at both Group and Brand cash generating unit levels. No impairment exists as at 31 January 2025.

Group Facility Agreement

The Group has a multi-option syndicated facility, which consists of an A\$240 million multi-currency revolving facility and a NZ\$54 million multi-currency revolving facility. Both facilities are sustainability linked with targets such as reducing greenhouse gas emissions, continued B Corp certification, and improving transparency within the Group supply chain, including the wellbeing and labour conditions of workers, and environmental metrics. All facilities are repayable in full on 12 November 2026. Interest is payable based on the BKBM rate (NZD borrowings), the BBSY rate (AUD borrowings), SOFR rate (US borrowings) or the applicable short-term rate for interest periods less than 30 days, plus a margin of between 1.00% - 1.075%. The debt is secured by the assets of the guaranteeing group in accordance with the Security Trust Deed dated 25 October 2019 as amended 12 May 2023. The guaranteeing group comprises entities operating in New Zealand, Australia, North America and the United Kingdom. The carrying value of the assets held by the guaranteeing group are \$1,384,948,000 (2024: \$1,416,837,000).

The covenants entered into by the Group require specified calculations of Group earnings before interest, tax, depreciation and amortisation (EBITDA) plus lease rental costs to exceed total fixed charges (net interest expense and lease rental costs) at the end of each half during the financial year. Similarly, EBITDA must be no less than a specified proportion of total net debt at the end of each six-month interim period. The calculations of these covenants are specified in the bank facility agreement of 25 October 2019 as amended and restated on 12 May 2023. The Group obtained a reduction of the fixed cover and leverage covenants for the January 2025 measurement point. The Group has complied with its revised banking covenants at all measurement points during the period.

The current interest rate, prior to hedging, on the term loans range between 5.50% - 5.51% (2024: 5.40% - 5.41%).

13 FINANCIAL RISK MANAGEMENT AND FINANCIAL INSTRUMENTS

(a) Financial risk factors

The Group's activities expose it to a variety of financial risks, market risk (including currency risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Group. The Group uses derivative financial instruments such as foreign exchange contracts and interest rate swaps to manage certain risk exposures. Derivatives are exclusively used for economic hedging purposes, i.e. not as trading or other speculative instruments, however not all derivative financial instruments qualify for hedge accounting.

Risk management is carried out based on policies approved by the Board of Directors. The Group treasury policy provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk.

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group manages this risk by actively managing working capital and ensuring flexibility in funding arrangements. Refer to note 12 for details of the funding arrangements in place as at 31 January 2025.

The consolidated interim financial statements do not include all financial risk management information and disclosures required in the annual financial statements; they should be read in conjunction with the Group's annual financial statements as at 31 July 2024. There have been no changes in the risk management department or in any risk.

(b) Fair value estimation

The only financial instruments held by the Group that are measured at fair value are over-the-counter derivatives. These derivatives have all been determined to be within level 2 (for the purposes of NZ IFRS 13) of the fair value hierarchy as all significant inputs required to ascertain the fair value of these derivatives are observable.

There were no changes in valuation techniques during the period.

The following methods and assumptions were used to estimate the fair values for each class of financial instrument.

Trade debtors, trade creditors and bank balances

The carrying value of these items is equivalent to their fair value.

Term liabilities

The fair value of the Group's term liabilities is approximately carrying value.

Foreign exchange contracts and interest rate swaps

The forward foreign exchange contracts have been fair valued using forward exchange rates that are quoted in an active market. Interest rate swaps are fair valued using forward interest rates extracted from observable yield curves. The effects of discounting are insignificant for these derivatives.

Guarantees and overdraft facilities

The fair value of these instruments is estimated on the basis that management do not expect settlement at face value to arise. The carrying value and fair value of these instruments is approximately nil. All guarantees are repayable on demand.

The following table presents the Group's assets and liabilities that are measured at fair value at balance date:

	Unaudited Six Months Ended 31 January 2025	Unaudited Six Months Ended 31 January 2024	Audited Year Ended 31 July 2024

	1,443	2,516	2,635

Intangible asset commitments as at 31 January 2025 relate to various projects across the Group to upgrade information technology software and systems.

15 CONTINGENT LIABILITIES

The Group is subject to litigation incidental to its business, none of which is expected to be material. No provision has been made in the Group's consolidated interim financial statements in relation to any current litigation and the Directors believe that such litigation will not have a material effect on the Group's consolidated interim financial position, results of operations or cash flows.

16 CONTINGENT ASSETS

There are no contingent assets as at 31 January 2025 (2024: nil).

17 RELATED PARTY DISCLOSURES

No amounts owed to related parties have been written off or forgiven during the period.

Independent Auditor's Review Report

To the shareholders of KMD Brands Limited (Group)

Report on the interim consolidated financial statements

Conclusion

Based on our review, nothing has come to our We have completed a review of the accompanying attention that causes us to believe that the interim consolidated financial statements on pages 3 to 14 do not:

present fairly, in all material respects, the Group's financial position as at 31 January 2025 and its financial performance and cash flows for the 6 month period then ended and comply with New Zealand Equivalent to International Accounting Standard 34 Interim Financial Reporting (NZ IAS 34) issued by the New Zealand Accounting Standards interim consolidated financial statements which comprise:

- the interim consolidated balance sheet as at 31 January 2025;
- the interim consolidated statements of comprehensive income, changes in equity and cash flows for the 6 month period then
- notes, including material accounting policy information.

Basis for conclusion

We conducted our review of the financial statements in accordance with NZ SRE 2410 (Revised) Review of Financial Statements Performed by the Independent Auditor of the Entity (NZ SRE 2410 (Revised)). Our responsibilities are further described in the Auditor's Responsibilities for the Review of the interim consolidated financial statements section of our report.

We are independent of KMD Brands Limited in accordance with the relevant ethical requirements in New Zealand relating to the audit of the annual financial statements and we have fulfilled our other ethical responsibilities in accordance with these ethical requirements.

Our firm has provided other services to the Group in relation to tax compliance services. Subject to certain restrictions, partners and employees of our firm may also deal with the Group on normal terms within the ordinary course of trading activities of the business of the Group. These matters have not impaired our independence as auditor of the Group. The firm has no other relationship with, or interest in, the Group.

Use of this Independent Auditor's Review Report

This report is made solely to the shareholders. Our review work has been undertaken so that we might state to the shareholders those matters we are required to state to them in the Independent Auditor's Review Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the shareholders for our review work, this report, or any of the conclusions we have formed.

Responsibilities of directors for the interim consolidated financial statements

The directors on behalf of the Group are responsible for:

- the preparation and fair presentation of the interim consolidated financial statements in accordance with NZ IAS 34; and
- implementing necessary internal control to enable the preparation of interim consolidated financial statements that is fairly presented and free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the interim consolidated financial statements

Our responsibility is to express a conclusion on the interim consolidated financial statements based on our review.

NZ SRE 2410 (Revised) requires us to conclude whether anything has come to our attention that causes us to believe that the interim consolidated financial statements, taken as a whole, are not prepared, in all material respects, in accordance with NZ IAS 34.

A review of the interim consolidated financial statements prepared in accordance with NZ SRE 2410 (Revised) is a limited assurance engagement. The auditor performs procedures, consisting of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures.

The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing (New Zealand) and consequently does not enable us to obtain assurance that we might identify in an audit. Accordingly, we do not express an audit opinion on the financial statements.

The engagement partner on the audit resulting in this independent auditor's review report is Peter Taylor.
