If you do not attend the Annual Meeting (whether in person or online), cast a postal or online vote, or appoint a proxy to vote at the Annual Meeting then no vote will be exercised in respect of your shareholding.

Results of the voting will be available after the conclusion of the Annual Meeting, and will be notified on NZX and ASX.

The voting thresholds for the Resolutions are as follows:

- *Resolutions 1 to 4:* an ordinary resolution requiring a majority (being more than 50%) of the votes entitled to vote and voting on the resolution;
- *Resolution 5:* approval by:
 - a majority of 75% or more of the votes entitled to vote and voting on Resolution 5; and
 - a majority (being more than 50%) of all votes entitled to be cast on Resolution 5 (regardless of whether they are cast); and
- *Resolution 6:* an ordinary resolution requiring a majority (being more than 50%) of the votes entitled to vote and voting on Resolution 6, subject to the voting restrictions outlined below.

Voting restrictions

Only Shareholders who are “Non-Affiliated Holders”¹ are entitled to vote on Resolution 6. Accordingly, none of J 47 Pty Limited, the directors of Embark or any of their respective Associated Persons (as that term is defined in the NZX Listing Rules), is entitled to vote, appoint a proxy or exercise discretionary proxies in respect of Resolution 6.

Postal and online voting

Shareholders entitled to attend and vote at the Annual Meeting may cast a postal or online vote instead of attending the Annual Meeting or appointing a proxy to attend. Link Market Services has been authorised by the Board to receive and count postal and online votes at the Annual Meeting.

You can cast a postal vote by completing and sending the Proxy and Postal Voting Form (enclosed with this Notice of Meeting) by post, email (as a scanned attachment), or deliver it by hand so that,

¹ “Non-Affiliated Holders” is defined in Part A of the NZX Listing Rules as “any person other than: (a) a person who holds, or is one of a group of Associated Persons who together hold, 10% or more of a Class of Financial Products, or (b) a person who has, or is one of a group of Associated Persons who together have, the power (whether contingent or not) to appoint one or more Directors of the Issuer, or (c) any other person or group of persons whom NZX in its discretion declares not to be a Non-Affiliated Holder for the purposes of the Rules.”

in each case, the form is received by Link Market Services no later than **11:00am on Sunday, 4 June 2023**.

Online votes can be made at vote.linkmarketservices.com/EVO. Online votes must be made by **11:00am on Sunday, 4 June 2023**.

Voting by proxy

You can appoint a proxy to attend the Annual Meeting and vote in your place.

You can appoint a proxy online at vote.linkmarketservices.com/EVO or by completing and returning the Proxy Voting Form (enclosed with this Notice of Meeting) in the manners specified on the Proxy Voting Form so that the form is received by Link Market Services no later than **11:00am on Sunday, 4 June 2023**.

The proxy need not be a Shareholder of Embark. The Chairperson of the Annual Meeting is willing to act as proxy for any Shareholder who may wish to appoint him for that purpose.

If you select a proxy to vote on your behalf (including the Chairperson of the Annual Meeting), and you confer on the proxy a discretion on the Proxy Voting Form, you acknowledge that the proxy may exercise your right to vote at his or her discretion and may vote as he or she thinks fit or abstain from voting. If you do not tick any boxes or your direction on how the proxy is to vote is unclear (in the Proxy's sole opinion) in respect of a resolution, then the direction is to abstain. Any person not entitled to vote on the resolution cannot act as a proxy unless they are given express direction on how to vote.

The Chairperson intends to vote all discretionary proxies in favour of the resolutions, other than Resolution 6 in respect of which the Chairperson shall abstain from voting any discretionary proxies.

Presentation materials

If you are not able to attend the Annual Meeting, copies of any materials presented at the Annual Meeting by the Chairperson will be available on the NZX website (www.nzx.com), ASX's Website (www.asx.com.au) and on Embark's website (www.embarkeducation.com.au) shortly after the Annual Meeting commences.

EXPLANATORY NOTES

The purpose of these explanatory notes is to provide Shareholders with further information on the business to be considered at the Annual Meeting of Embark to be held on **Tuesday, 6 June 2023** at **11:00am**.

Resolution 1 – Auditor remuneration

Embark's current auditors, Grant Thornton New Zealand, will be automatically reappointed as the auditor of Embark under section 207T of the Companies Act. Under section 207S of the Companies Act, auditors' fees and expenses must be fixed in the manner determined at the 2023 Annual Meeting. Accordingly, Resolution 1 authorises the Board to fix the fees and expenses of Grant Thornton New Zealand as auditor of Embark for the following year.

Resolution 2, 3 & 4 – Director Appointments

Renita Garard was appointed as a Director of Embark by the Board on 1 January 2023. Under NZX Listing Rule 2.7.1, Renita Garard must retire from office at the 2023 Annual Meeting. Kim Campbell was appointed by Shareholders on 18 September 2019, and is now required to retire in accordance with NZX Listing Rule 2.7.1, which prohibits a director from holding office (without re-election) for longer than 3 years or 3 annual meetings, whichever is longer. Being eligible, each of Renita Garard and Kim Campbell offer themselves for re-election. Michelle Thomsen was nominated for appointment by an Embark Shareholder under NZX Listing Rule 2.3. A majority of the Board supports the re-elections of Renita Garard and Kim Campbell, and the election of Michelle Thomsen, and recommends that Shareholders vote in favour of Resolutions 2, 3 and 4.

A biography of each of Renita Garard, Kim Campbell and Michelle Thomsen is set out in the accompanying Scheme Booklet.

Resolution 5 & 6 – Scheme and Delisting

Full details of these resolutions are set out in the accompanying Scheme Booklet.

NZ RegCo has approved the Delisting on the conditions that:

- NZ RegCo reviews Embark's market announcement about the Delisting prior to publication.
- Embark pays all outstanding fees to NZX and NZ RegCo prior to the Delisting.
- Embark provides at least one month's notice to the market of the intended Delisting; and
- Embark obtains shareholder approval by Non-Affiliated Shareholders for the Delisting – as proposed by Embark (on the basis that if the Scheme is approved but Non-Affiliated Shareholders do not approve the Delisting, then the New Listed Parent will apply to NZX for listing and quotation as an NZX Foreign Exempt Listing, and Embark will still be delisted from NZX given it will have a single shareholder only).

Assuming Shareholders vote in favour of the Delisting, Embark expects all of the other conditions above will be satisfied.

Recommendation of the Board

The Board unanimously recommends the Scheme and associated matters to Shareholders for approval and encourages all Shareholders to vote in favour of the Resolutions. In the Board's view, the Scheme and the Delisting are in the best interests of Embark and its Shareholders. The Directors intend to vote all shares in Embark held or controlled by them in favour of the Resolutions, other than Resolution 6 for the Delisting in respect of which voting restrictions apply.

No minority buy out rights

The Scheme is being implemented as a Court approved scheme of arrangement under part 15 of the New Zealand Companies Act 1993 pursuant to orders to be made by the New Zealand High Court and will not be a major transaction for Embark under section 129 of the Companies Act. Accordingly, Shareholders who vote against the Resolution 5 will not have the right to require Embark to purchase their shares in accordance with sections 110 to 115 of the Companies Act.

However, as outlined in section 4 of the Scheme Booklet, Shareholders have the right to object to the Scheme by applying to the New Zealand High Court.

SECTION 1: LETTER FROM THE CHAIR

Dear Shareholders,

The directors of Embark are proposing to shift our listing to the ASX under a newly incorporated Australian parent company. On behalf of the Board, I am pleased to outline the merits of this proposition and to recommend that all Shareholders vote in favour of the Scheme, the Delisting and associated matters.

Strategic rationale

Since 2014, Embark operated a range of early childhood education centres in New Zealand. Embark subsequently expanded into Australia. In September 2022, Embark divested its New Zealand operations to enable it to focus on growing its more profitable Australian business.

Embark now operates 24 centres across Australia, with conditional contracts in place to acquire a further three centres.

Embark no longer has any operations in New Zealand and operates only in Australia. There is therefore a more natural alignment in having an Australian domiciled listed entity above the Australian operating company, including to reduce tax complexities that arise in paying returns to shareholders from a New Zealand listed entity.

In August 2022, I wrote to you and outlined highlights of Embark's Australian business. Since then, we have continued to pursue the two aspects of the Australian growth strategy – organic growth within existing centres, and growth by acquisitions of existing childcare businesses. Embark is not intending to undertake greenfield developments.

Acquisitions – Embark currently has legal documentation in place for the purchase of three childcare centres. In aggregate, these three centres offer 325 places with estimated annual, centre based EBITDA at \$2.1m for a total purchase price of \$7.2m. All contracts are subject to customary conditions with respect to licensing, lease assignment and due diligence.

Other acquisition opportunities are being actively pursued.

Organic Growth – Much was achieved in 2022 in this area, and more is expected to be achieved in 2023. Achieving organic growth follows from a disciplined approach to wage efficiencies; minimising discounting; reducing bad debts; increasing occupancy levels and the use of technology to minimise the growth of support office as the number of centres increases.

The Board believes that shifting to be a solely ASX listed Australian domiciled entity will allow Embark to focus on continuing to progress these initiatives in a more focused and tax efficient manner for all Shareholders.

Shareholder Approval Required

Embark will hold its Annual Meeting at **11:00am** (NZST) on **6 June 2023** to approve the Scheme. The Annual Meeting will be held in person at the offices of Link Market Services, Level 30, PwC Tower, 15 Customs Street West, Auckland, and via the Link Market Services Virtual Meeting platform at www.virtualmeeting.co.nz/evo23.

Ahead of the Annual Meeting, the Board encourages you to carefully read the Scheme Booklet and Notice of Meeting. On behalf of the Board, I encourage you to cast your **VOTE IN FAVOUR OF ALL RESOLUTIONS**.

If you are not able to attend and vote at the Annual Meeting you can cast a proxy or postal vote in advance of the Annual Meeting. Further details on how to vote or to appoint a proxy are included on the proxy and postal voting form itself, as well as in the Notice of Meeting that accompanies this Scheme Booklet.

If you wish to vote in advance of the Annual Meeting, your vote must be received by 11:00am (NZST) on Sunday, 4 June 2023 to ensure your voice is heard. I am pleased to confirm that all Embark Directors intend to vote all shares held or controlled by them in favour of all resolutions to be considered at the Annual Meeting.

On behalf of the Board, I welcome your consideration of this next stage in Embark's future and encourage you to have your say by casting your vote.

Thank you for your continued support.

Yours sincerely,

Hamish Stevens
Chairman

SECTION 3: OVERVIEW OF THE SCHEME

CURRENT GROUP STRUCTURE (SIMPLIFIED)

GROUP STRUCTURE ON COMPLETION OF THE SCHEME (SIMPLIFIED)²

Colour	Jurisdiction of incorporation
	New Zealand
	Australia

² Following completion of the Scheme, the New Listed Parent will continue to review the optimum structure for the Group (which may lead to a further consolidation or change in Group structure), although no decision has been made to change the structure of the Group following completion of the Scheme.

Scheme Steps

Under the Scheme:

- All of the Shares in Embark will be transferred by Shareholders to the New Listed Parent. In exchange, Shareholders, other than Ineligible Shareholders (see section 4) will receive one New Listed Parent Share for each Embark Share they hold on the Record Date. This results in Embark becoming a wholly owned subsidiary of the New Listed Parent, and Shareholders becoming Shareholders in the New Listed Parent.
- All of the Options on issue in Embark will be cancelled and new options in the New Listed Parent will be issued on equivalent terms.

It is a term of the Scheme that the Shares in Embark transferred to the New Listed Parent under the Scheme will, except to the extent prohibited by law, be transferred free from all mortgages, charges, liens, encumbrances, or demands of any nature and interests of third parties of any kind, whether legal or otherwise. The Scheme Plan, which sets out in more detail the terms of the Scheme, is set out in Schedule 1.

ASX Listing

The New Listed Parent is seeking a primary listing on the ASX, and intends for this to occur at the same time as the Scheme takes effect. The Scheme is conditional on ASX approving the admission of the New Listed Parent to the official list of the ASX and the New Listed Parent Shares for official quotation by the ASX (subject only to any conditions which ASX may reasonably require).

Board Recommendation

The Board unanimously supports the Scheme and believes it is in the best interests of all Shareholders because there is therefore a more natural alignment in having an Australian domiciled listed entity above the Australian operating company, including to reduce tax complexities that arise in paying returns to shareholders from a New Zealand listed entity. The Board unanimously recommends that you vote in favour of the Scheme. Each director intends to vote any shares he or she holds or controls in favour of the Scheme.

SECTION 4: OTHER IMPORTANT QUESTIONS

This Section answers other important questions about the Scheme. It is not intended to address all relevant issues. This Section should be read together with all other parts of the Notice of Meeting.

Question	Answer
Scheme	
How will the Scheme impact Shareholders?	<p>If the Scheme Resolution is passed, Eligible Shareholders will hold shares in the New Listed Parent, instead of holding shares in Embark. Eligible Shareholders will receive one share in the New Listed Parent for each share they hold in Embark on the Record Date.</p> <p>Eligible Shareholders will continue to have the same proportionate interest in the business as they do now – they will indirectly own Embark and the current Group through their shareholding in the New Listed Parent.</p> <p>Shareholders that are New Zealand tax residents and hold their shares on capital account for New Zealand tax purposes should not be subject to tax on any gains derived on the disposal of the Shares as part of the Scheme.</p> <p>For Shareholders that are Australian tax residents and hold their shares on capital account, the Scheme should not result in any Australian tax being payable by the Shareholder, due to the expected availability of rollover relief.</p> <p>All Shareholders are advised to obtain their own professional advice on the tax implications of the Scheme for them based on their own specific circumstances.</p> <p>Further details as to the New Zealand and Australian tax consequences for Shareholders in relation to the Scheme are contained in Section 7 (Taxation Implications for Shareholders).</p>
What happens if the Scheme does not proceed?	<p>If the Scheme does not proceed:</p> <ul style="list-style-type: none">• you will retain your current holding of Embark Shares which will continue to trade on the NZX Main Board and ASX; and• the Board and management may consider other alternatives to the Scheme.
What happens if the Scheme is approved, but the Delisting is not?	<p>In this event, the Scheme will proceed and you will hold shares in the New Listed Parent, which is expected to be listed on the ASX with a primary listing. The New Listed Parent will apply to NZX to be listed as an NZX Foreign Exempt Listing so that Shareholders will be able to trade the New Listed Parent Shares on the NZX Main Board.</p> <p>If the Scheme is implemented, as Embark will have a single shareholder (the New Listed Parent), it is expected that Embark will be delisted even where Shareholders have not approved the Delisting (on the basis that the New Listed Parent applying for an NZX Foreign Exempt Listing will give effect to the intent of Shareholders in this respect).</p>

Question	Answer
<p>Who is an Eligible Shareholder?</p>	<p>All Shareholders with an address in New Zealand or Australia recorded in Embark’s share register at 7:00pm on the Record Date will be Eligible Shareholders.</p> <p>In addition, based on the information available to Embark, you will be an Eligible Shareholder if you have an address recorded in Embark’s share register in one of the following jurisdictions at 7:00pm on the Record Date (subject to the qualifications described in Section 9):</p> <ul style="list-style-type: none"> • Canada; • the European Union (excluding Austria) where (i) the Embark shareholder is a “qualified investor” (as defined in Article 2(e) of the Prospectus Regulation) or (ii) the number of other Embark shareholders is less than 150; • Hong Kong; • Singapore; • the United Kingdom; and • the United States of America. <p>If you have an address recorded in Embark’s share register in one of the above jurisdictions (other than New Zealand) you should read Section 9 (Information for Shareholders Outside New Zealand) for more information specific to your jurisdiction.</p> <p>At Embark’s discretion, it may deem persons with an address recorded in Embark’s share register in other jurisdictions to be Eligible Shareholders.</p>
<p>Can I choose to receive cash instead of New Listed Parent Shares?</p>	<p>No, there is no option to choose to receive cash instead of New Listed Parent Shares.</p> <p>Shareholders who do not wish to receive New Listed Parent Shares may either:</p> <ul style="list-style-type: none"> • sell their Embark Shares at any time prior to trading in Embark Shares being halted on the NZX Main Board and ASX in anticipation of the Implementation Date; or • sell their New Listed Parent Shares once they have commenced trading. <p>You may incur brokerage in respect of any such sale.</p>
<p>What if I am not an Eligible Shareholder?</p>	<p>If you are not an Eligible Shareholder as at 7:00pm on the Record Date, you will not receive any New Listed Parent Shares, as it may be unlawful to issue Shares to you.</p> <p>Instead of New Listed Parent Shares, you will receive cash. The cash you receive will be the proceeds from the sale of New Listed Parent Shares you would have been entitled to receive had you been an Eligible Shareholder. Those shares will be held on trust for you by Pacific Custodians, a wholly owned subsidiary of Link Market Services, and sold on-market once New Listed Parent Shares have commenced trading (any brokerage costs and/or transaction fees associated with this sale will be paid by the New Listed Parent).</p>

Question	Answer
	<p>Pacific Custodians will appoint an Australian broking firm (as chosen by the New Listed Parent) to sell the relevant New Listed Parent Shares on-market and will liaise with Link Market Services to ensure that the proceeds of the sale are returned to the original Shareholder as soon as practicable following the Implementation Date.</p> <p>As New Listed Parent Shares of Ineligible Shareholders will be sold on-market (rather than those shares being purchased by the New Listed Parent), the purchase of these shares will not represent a cost to the New Listed Parent (other than any brokerage costs and/or transaction fees incurred in relation to the sale, which will be paid by the New Listed Parent but are not expected to be material).</p>
<p>Will I need to make any payments to participate in the Scheme?</p>	<p>No.</p>
<p>What if I don't support the Scheme?</p>	<p>A Shareholder who does not support the Scheme may:</p> <ul style="list-style-type: none"> • sell their Embark Shares at any time prior to trading in Embark Shares being halted on the NZX Main Board and ASX; • vote against the Scheme at the Annual Meeting (although there are no other dissent or buy-out rights for Shareholders who do not support the Scheme); or • if they wish to do so, appear and be heard at the Application for Final Orders after filing in Court and serving upon Embark a notice of opposition and supporting documents (see Section 5 (Further Details of the Scheme)).
<p>Will other stakeholders be affected?</p>	<p>No.</p>
<p>What will the Embark Group look like after the Scheme and Delisting?</p>

SECTION 5: FURTHER DETAILS OF THE SCHEME AND DELISTING

How the Scheme will be effected

The process for giving effect to the Scheme is as follows:

- The New Listed Parent was incorporated as an Australian company, with a single ordinary share held by J47 Pty Ltd, a company associated with Chris Scott, the Managing Director of Embark.
- In exchange for each Embark Share held by each Eligible Shareholder on the Record Date, the New Listed Parent will issue to each Eligible Shareholder the same number of New Listed Parent Shares.
- At the same time as the exchange of shares, J47 Pty Ltd's ordinary share in the New Listed Parent will be bought back by the New Listed Parent for nil consideration and cancelled.
- Following the exchange of shares and the cancellation of J47 Pty Ltd's ordinary share, Eligible Shareholders will own New Listed Parent Shares, and the New Listed Parent will own all Embark Shares.
- New Listed Parent Shares will be quoted on the ASX, and Embark Shares will cease to be quoted on the NZX and ASX (as they will all be owned by the New Listed Parent).

J47 Pty Ltd is the sole shareholder of the New Listed Parent for administrative efficiency only and neither J 47 Pty Ltd nor Chris Scott will receive any consideration or benefit in connection with the Scheme or acting as the sole shareholder of the New Listed Parent, other than participating in the Scheme in the exact same manner as every other Eligible Shareholder of Embark.

Further detail is set out in Schedule 1, including the treatment of certain options on issue in relation to Embark. For the Scheme to proceed, the Scheme Resolution must first be approved by the requisite majority of Shareholders at the Annual Meeting. The Court must then grant the Final Court Orders. If the requisite majority of Shareholders vote in favour of the Scheme Resolution and the Final Court Orders are granted, the Scheme will be implemented and binding on all Shareholders, including those who did not vote or who voted against the Scheme Resolution.

There is a risk that the Court will refuse to grant the Final Court Orders or that the granting of the Final Court Orders is delayed, despite Shareholder approval. The Scheme cannot be implemented unless and until the Final Court Orders are granted.

Costs of the Scheme

Embark and the New Listed Parent are expected to incur one-off direct costs of \$500,000 in relation to the Scheme, much of which has been necessary to incur prior to the time Shareholders vote at the Annual Meeting.

Assuming the Delisting is approved, the New Listed Parent expects that it will benefit from reduced ongoing overhead costs primarily as a result of shifting from being listed on two exchanges to a single exchange. The ongoing direct savings are not definitely known, but are expected to be

around \$50,000 per year (net of any expected increased costs). There is a risk that the ongoing costs to the New Listed Parent are higher than expected or the expected savings are not realised.

Embark is currently required to deduct New Zealand withholding tax at a rate of 5% to 15% on dividends paid to Australian tax resident Shareholders (depending on that Shareholder's interest in Embark), who hold the majority of Embark Shares, to the extent that these dividends are not fully imputed. This will be an issue for the Group's Australian sourced profits, which will not generate any imputation credits. While not a direct saving to the New Listed Parent, Australian tax resident holders of New Listed Parent Shares will benefit from New Zealand withholding tax not being required to be deducted from dividends paid by the New Listed Parent.

You can find further information about taxation in Section 7 (Taxation Implications For Shareholders), including a description of the circumstances in which Australian withholding tax will be deducted from dividends for New Zealand tax resident holders of New Listed Parent Shares.

Key conditions

The key conditions for the Scheme to be implemented are:

- approval of the Scheme Resolution by Shareholders at the Annual Meeting;
- the provision of a "no objection" statement by the Takeovers Panel;
- ASX approving the admission of the New Listed Parent to the official list of the ASX and the New Listed Parent Shares for official quotation by the ASX (subject only to any conditions which ASX may reasonably require);
- the Australian Securities and Investments Commission granting relief to, in effect, deem the New Listed Parent to have been continuously quoted so that it can issue securities in reliance upon certain provisions of Australian law that enable reduced disclosure for the issuance of quoted securities; and
- New Zealand High Court approval of the Scheme through the granting of the Final Court Orders under the New Zealand Companies Act 1993;
- that the Scheme Implementation Agreement is not terminated prior to the Second Court Date.

All of these conditions must be satisfied for the Scheme to proceed.

Change in jurisdiction of the entity in which investors hold Shares

As an Australian incorporated company, the New Listed Parent will not be subject to the Companies Act that Embark is currently subject to, and with which Shareholders are familiar.

This means that Shareholders wishing to take action to enforce the provisions of the New Listed Parent's Constitution, or Australian corporations or securities law as they relate to the New Listed Parent, will need to take action in the Australian courts, applying Australian law. Currently, Shareholders wishing to take action in relation to Embark need to bring that action before the New Zealand courts and under New Zealand law.

Schedule 2 sets out a summary of the key differences between the laws applying to Embark as a New Zealand incorporated company listed on the NZX Main Board and the laws applying to New Listed Parent as an Australian incorporated company listed on the ASX.

Delisting and NZX / ASX listings of the New Listed Parent

Presently, Embark is listed on the NZX Main Board and on the ASX as a foreign exempt listing (which means that Embark need not separately comply with the majority of the ASX Listing Rules on the principle that it instead complies with the NZX Listing Rules).

If the Delisting is approved, Embark will be delisted from the NZX Main Board and ASX. In the event the Scheme is approved but the Delisting is not, the Scheme will proceed and Eligible Shareholders will hold shares in the New Listed Parent, which is expected to be listed on the ASX with a primary listing. The New Listed Parent will apply to NZX to be listed as an NZX Foreign Exempt Listing, enabling Shareholders to trade the New Listed Parent Shares on the NZX Main Board. If the New Listed Parent is admitted as an NZX Foreign Exempt listing, it will need to comply with the ASX Listing Rules, but will not need to separately comply with the majority of the NZX Listing Rules.

If the Scheme is implemented, as Embark will have a single shareholder (the New Listed Parent), it is expected that Embark will be delisted even where Shareholders have not approved the Delisting (on the basis that the New Listed Parent applying for an NZX Foreign Exempt Listing will give effect to the intent of Shareholders in this respect).

If the Scheme proceeds, it is intended that the New Listed Parent will apply to be listed on the ASX and trade under the ticker code "EVO" and its Shares will be listed and tradable on ASX on the Business Day following the Implementation Date.

An application will be made to ASX for the New Listed Parent to be admitted to the official list of ASX issuers and for New Listed Parent Shares to be granted official quotation on the financial market operated by ASX. ASX is not a registered market under the New Zealand Financial Markets Conduct Act 2013.

ASX takes no responsibility for the contents of this Notice of Meeting or for the merits of the Scheme to which this Notice of Meeting relates. Admission to the official list of ASX and quotation of New Listed Parent Shares on the ASX are not guaranteed and are not to be taken as an indication of the merits, or as an endorsement by ASX, of the Scheme, the New Listed Parent or New Listed Parent Shares.

The key conditions for the ASX listing to be implemented are:

- approval of the Scheme Resolution by Shareholders at the Annual Meeting; and
- following the lodgment of the ASX Appendix 1A (listing application), the ASX:
 - granting the following key confirmations and waivers, noting that on 28 April 2023, the ASX indicated that such waivers and confirmations are likely to be granted in response to an application for in-principle advice:
 - confirmation that the ASX will agree to accept an information memorandum for the purposes of satisfying Listing Rule 1.1 condition 3, on condition that the information memorandum complies with the requirements of Listing Rule 1.4 (other than Listing Rule 1.4.1);

- a waiver from Listing Rule 1.4.1 to the extent necessary to permit the New Listed Parent information memorandum (**Information Memorandum**) not to state that it contains all the information required under section 710 of the Corporations Act subject to the following conditions:
 - the Information Memorandum incorporates by reference the relevant sections of this Scheme Booklet.
 - New Listed Parent releases all of the documents incorporated into this Scheme Booklet by reference to the ASX as pre-quotations disclosure; and
 - New Listed Parent provides a statement to the ASX that Embark has confirmed to it that Embark was in compliance with the listings rules of the NZX Main Board at the time Embark ceased trading on ASX; and
- approving the admission of the New Listed Parent to the official list of the ASX and the New Listed Parent Shares for official quotation by the ASX (subject only to any customary conditions which ASX may reasonably require, including as related to pre-quotations disclosure).

All of these conditions must be satisfied for the ASX listing to proceed.

Holding statements

Holding statements for New Listed Parent Shares issued to Eligible Shareholders under the Scheme will be sent as soon as practicable after the Implementation Date. Eligible Shareholders can confirm their shareholdings by contacting Link Market Services, whose contact details are set out in the Directory.

Selling New Listed Parent Shares on ASX and CHESS

The New Listed Parent will apply to participate in CHESS in accordance with the ASX Settlement Operating Rules. CHESS is an automated transfer and settlement system for transactions in securities quoted on ASX under which transfers are effected in an electronic (i.e. paperless) form.

Court approved Scheme of Arrangement

The Scheme is to be implemented by way of a Court approved scheme of arrangement under Part 15 of the Companies Act. Under Part 15, the High Court is empowered to make orders binding on Embark, Shareholders, the New Listed Parent and other affected parties. In accordance with the Initial Court Orders made by the High Court on 11 May 2023, Embark is required to convene a special meeting of Shareholders to consider the Scheme.

Embark has already commenced the Court process to obtain Final Court Orders. Provided the Scheme Resolution is passed by the requisite majority at the Annual Meeting and the other conditions required to implement the Scheme as set out in this Scheme Booklet are satisfied, Embark can seek the Final Court Orders.

The Final Court Orders will make the Scheme binding on Embark, the New Listed Parent, and Shareholders subject to its terms. A copy of the Initial Court Orders and Embark's application for Final Court Orders is available at <https://embarkeducation.com.au/investor-relations/>.

If you are a Shareholder or the holder of Options, you have the right to appear and be heard at the Final Court Hearing on the Scheme (proceeding CIV-2023-404-846), which is expected to occur at 10.00 am on 21 June 2023 at the High Court at Auckland.

To do so, you must file a notice of appearance or a notice of opposition in proceeding CIV-2023-404-846 (in either case containing an address for service), and any affidavits or memoranda of submissions on which you intend to rely, by 14 June 2023 and serve a copy on Embark at the offices of Chapman Tripp, Level 34, PwC Tower, 15 Customs Street West, Auckland 1010, New Zealand.

Takeovers Panel no objection statement

Under the Companies Act, when exercising its discretion to approve a scheme of arrangement in relation to a code company, the Court must either be provided a statement from the Takeovers Panel indicating that the Takeovers Panel has no objection to the High Court making orders to approve the scheme or the Court must otherwise be satisfied that shareholders will not be adversely effected by the use of a scheme rather than the Takeovers Code to effect the transaction. Such a statement from the Takeovers Panel is commonly referred to as a “no objection statement”.

Embark has applied for a no objection statement. The Takeovers Panel will not issue a no objection statement until just before documents are filed for the Final Court Hearing in respect of the Scheme. This will be after the Annual Meeting.

In the meantime, the Takeovers Panel has provided Embark with a preliminary statement, called a “letter of intention”, of its views on the Scheme. In its letter of intention, the Takeovers Panel has indicated that it has formed an initial view, based on the information that has been provided to it, that it intends at this stage to issue a no objection statement in respect of the Scheme prior to the Final Court Hearing. The letter of intention was presented to the High Court before it made the Initial Court Orders.

The Takeovers Panel may consider an objection by a Shareholder or other interested party to the Scheme when determining whether to provide its “no objection statement”. Written objections can be submitted directly to the Takeovers Panel by email (takeovers.panel@takeovers.govt.nz).

Role of the Takeovers Panel and High Court

The fact that the Takeovers Panel has provided a letter of intention indicating that it does not intend to object to the scheme (or subsequently issues a no objection statement in respect of the Scheme), or that the High Court has ordered that a meeting of Shareholders be convened, does not mean that the Panel or the Court:

- has formed any view as to the merits of the Scheme or as to how Shareholders should vote (on this matter Shareholders must reach their own decision); or
- has prepared, or is responsible for the content of, the Scheme Booklet or any other material prepared in relation to the Scheme or the Delisting.

SECTION 6: WHAT WILL THE GROUP LOOK LIKE AFTER THE SCHEME IS IMPLEMENTED?

- the Group Chief Financial Officer, Edmund Mah.

This senior management team will continue to oversee the operations of the Group following implementation of the Scheme.

Corporate Governance

The New Listed Parent will have governance arrangements similar to those existing for Embark prior to the Scheme and Delisting, which are consistent with those required and expected of listed companies, including the ASX Listing Rules and the ASX Corporate Governance Principles and Recommendations. Information on Embark's current corporate governance arrangements and key policies can be found at <https://embarkeducation.com.au/investor-relations/investor-information/>. SECTION 7: TAXATION IMPLICATIONS FOR SHAREHOLDERS

This Section comments, in summary, on the general taxation position of Shareholders in relation to the Scheme and Delisting. The information contained within this summary is of a general nature only. It does not constitute specific tax advice and should not be relied upon as such. Tax effects for Embark Shareholders may vary according to the taxpayer's own circumstances. We therefore strongly recommend that Embark Shareholders obtain their own independent taxation advice and assurance as to whether the comments in this summary are appropriate for their own particular circumstances and whether the views in this summary are current law at the time of participation in the Scheme.

These summary comments on the general Australian and New Zealand taxation positions of individual and corporate resident and non-resident Shareholders of Embark in relation to the Scheme. This Section does not purport to be a complete analysis, and is intended as a general guide to the New Zealand and Australian tax implications only. No information is specifically provided in relation to Shareholders in other jurisdictions. A Shareholder's tax residence status will affect how tax laws apply to the disposal of Shares under the Scheme and to the subsequent treatment of distributions from the New Listed Parent. Shareholders are advised to consult their own independent tax advisor regarding their residency status if there is any uncertainty.

The New Zealand tax comments included in this summary are based on provisions of the *Income Tax Act 2007*, the *Goods and Services Tax Act 1985* and the *Tax Administration Act 1994*. It also takes into account current tax rulings issued by Inland Revenue (**IR**) and current administrative practice in New Zealand. This outline does not otherwise take into account or anticipate changes in the law, whether by way of judicial decision or legislative action.

The Australian tax comments included in this summary are based on provisions of the *Income Tax Assessment Act 1936* (Cth) (**ITAA36**) and the *Income Tax Assessment Act 1997* (Cth) (**ITAA97**) (together, the **Tax Acts**) public taxation rulings and available case law current as at the date of this Scheme Booklet. Embark Shareholders should be aware that any changes (with either prospective or retrospective effect) to the Tax Acts, the interpretation thereof and public taxation rulings may affect the tax treatment of the Scheme as described in this summary. The law is complex and subject to change periodically as is its interpretation by the courts and the Australian Taxation Office (**ATO**).

Embark Shareholders should obtain their own independent taxation advice and assurance in respect of the availability of rollover relief pursuant to Division 615 of the ITAA97.

New Zealand

This outline is relevant to persons who hold Embark Shares at the Record Date as capital assets for New Zealand income tax purposes. It does not apply to persons who:

- hold Embark Shares as trading stock;
- hold Embark Shares subject to special tax rules, such as banks, insurance companies, tax exempt organisations, dealers in securities, managed investment trusts or Portfolio Investment Entities (PIEs); or
- change their tax residency while holding Embark Shares.

New Zealand tax resident Embark Shareholders

(a) Disposal of Embark Shares under the Scheme

If the Scheme is approved, Shareholders will be treated as disposing of their Embark Shares as a result of the implementation of the Scheme.

New Zealand does not have a comprehensive capital gains tax. Provided that their Embark Shares are held on capital account for New Zealand tax purposes, New Zealand tax resident Shareholders should not be subject to tax on any gains derived on the disposal of their Embark Shares.

New Zealand tax resident Shareholders (**New Zealand Shareholders**) will hold their Embark Shares on revenue account, and therefore be subject to New Zealand income tax, if a Shareholder:

- is in the business of dealing in shares;
- acquired the Embark Shares as part of an undertaking or scheme carried out for the purpose of making a profit; or
- acquired the Embark Shares with the dominant purpose of selling them.

Shareholders who hold their Embark Shares on revenue account for tax purposes will not be treated as holding their Embark Shares on capital account.

As the Embark Shares are exchanged under the Scheme on a one-for-one basis for New Listed Parent Shares, Shareholders who hold their Embark Shares on revenue account will be treated as disposing of these Embark Shares for market value, and will be taxed on any gain at their marginal tax rates, subject to any applicable exemptions.

A Shareholder who holds Embark Shares on revenue account will likely be required to include any gain in a tax return for the tax year in which the disposal occurs.

(b) Subsequent disposal of New Listed Parent Shares

The tax consequences on a subsequent disposal of New Listed Parent Shares by a New Zealand Shareholder will depend on whether the New Listed Parent Shares are held on capital or revenue account, and are as outlined above.

(c) Application of the New Zealand FIF and CFC rules

Following implementation of the Scheme, New Zealand Shareholders will hold shares in the New Listed Parent, a company incorporated and tax resident in Australia and listed on the ASX.

An investment in the New Listed Parent will be subject to the New Zealand foreign investment fund (**FIF**) rules. Provided that five or fewer New Zealand Shareholders do not hold more than 50% of the New Listed Parent Shares, the controlled foreign company (**CFC**) rules will not apply.

New Zealand Shareholders should be treated as having an interest in a FIF, but should generally be exempt from attributing FIF income on the basis of an exemption for ASX listed companies. New Zealand Shareholders should continue to be taxed under the general New Zealand income tax rules in relation to dividends received from the New Listed Parent, and should be subject to tax on any gain on disposal of their New Listed Parent Shares if these shares are held on revenue account (as explained above).

New Zealand Shareholders should obtain independent advice on the application of the CFC and FIF rules to their shareholding.

(d) Distributions received from the New Listed Parent

Distributions from the New Listed Parent will generally be taxable as dividends for New Zealand tax purposes (unless the Shareholder is a company). Some distributions may not be taxable dividends, such as non-taxable bonus issues and certain returns of capital.

If dividends paid by the New Listed Parent to Shareholders are subject to Australian withholding tax, New Zealand Shareholders should be able to credit the amount of any Australian withholding tax against their New Zealand income tax liability. If the New Listed Parent attaches franking credits to dividends, New Zealand Shareholders will not be able to use these franking credits to reduce their assessable income in New Zealand.

If a distribution is received in a currency other than New Zealand dollars (e.g. Australian dollars), the amount included in New Zealand assessable income is to be translated into New Zealand dollars generally at the exchange rate applicable on the day the dividend is paid.

Non-resident Embark Shareholders (including Australia)

(a) Disposal of Embark Shares under the Scheme - New Zealand tax implications

Shareholders who are not tax resident in New Zealand (**Non-New Zealand Shareholders**) will be treated as disposing of their Embark Shares for market value. Non-New Zealand Shareholders who hold their Embark Shares on capital account for tax purposes will not be subject to New Zealand tax on any gain.

Non-New Zealand Shareholders who hold their Embark Shares on revenue account for tax purposes and who are resident in a country that has a Double Tax Agreement (**DTA**) with New Zealand (such as Australia, Canada and the United States) may qualify for an exemption from New Zealand tax under the relevant DTA if their Embark Shares are not held as part of a business they carry on in New Zealand through a permanent establishment in New Zealand.

Non-New Zealand Shareholders who hold their Embark Shares on revenue account for New Zealand tax purposes and who are not resident in a country that has a DTA with New Zealand will be liable for New Zealand income tax on any gain on disposal of their Embark Shares.

(b) Subsequent disposal of New Listed Parent Shares - New Zealand tax implications

A disposal of New Listed Parent Shares subsequent to the Scheme by Australian and Non-New Zealand Shareholders should not be taxable in New Zealand.

Goods and Services Tax (GST)

No New Zealand GST should apply to the disposal of the Embark Shares or the acquisition of New Listed Parent Shares under the Scheme, or to any subsequent disposal of New Listed Parent Shares.

Stamp duty and gift duty

New Zealand does not impose any stamp or gift duty.

Australia

The following summary is intended for Embark Shareholders that hold their Embark Shares on capital account for income tax purposes (namely their Embark Shares are capital gains tax (**CGT**) assets for income tax purposes).

This summary does not address the position of Embark Shareholders who:

- hold their Embark Shares as a revenue asset (e.g. trading entities or entities who acquired their Embark Shares for the purpose of resale at a profit) or as trading stock for Australian income tax purposes;
- hold any other interests in Embark (such as Options);
- are subject to the provisions in Division 230 of the ITAA97 in relation to gains or losses on the Embark Shares;
- are temporary residents for the purposes of Australian income tax law;
- are non-residents of Australia for Australian income tax purposes that hold their Embark Shares in carrying on a business at or through a permanent establishment in Australia; or
- are financial institutions, insurance companies, partnerships, tax exempt organisations, dealers in securities, managed investment trusts or Portfolio Investment Entities (**PIEs**), or Embark Shareholders who changed their tax residency while holding the Embark Shares and are subject to special tax rules.

Embark Shareholders that are tax residents of a country other than Australia (whether or not they are also residents, or are temporary residents, of Australia for income tax purposes) should take into account the tax consequences of the Scheme under the laws of their country of residence, as well as under Australian law. Shareholders are advised to consult their own independent tax advisor regarding their residency status.

This summary has been prepared on the basis that the Embark Directors are of the view that the Embark Shares are not:

- taxable Australian property by reason of the fact that Embark's underlying value is not principally derived from Australian real property; or
- subject to deferred taxation under Division 83A of the ITAA97 or former Division 13A of Part III of the ITAA36.

Embark Shareholders should obtain their own independent taxation advice and assurance in respect of the availability of rollover relief pursuant to Division 615 of the ITAA97.

Australian tax resident Embark Shareholders

(a) Capital gains tax implications

Shareholders will dispose of all their Embark Shares to the New Listed Parent as a result of the implementation of Scheme upon approval. In exchange for each Embark Share held by each Embark Shareholder, the New Listed Parent will issue each Eligible Shareholder the same number of New Listed Parent Shares. The disposal of the Embark Shares will constitute a CGT event for

Embark Shareholders (namely CGT Event A1). This CGT event will occur on the Implementation Date.

The tax implications for the Shareholders who are residents of Australia for income tax purposes from the disposal of their Embark Shares will depend upon their taxpayer status (e.g. whether they are an individual, company or the trustee of a trust) and the cost base of their Embark Shares. The circumstances in which rollover relief may be available to the Eligible Shareholders to defer a capital gain arising from the exchange of Embark Shares in the New Listed Parent are outlined below. Rollover relief is expected to be available for Australian resident Shareholders who hold their Embark Shares on capital account.

For completeness, rollover relief should not be available for the Ineligible Shareholders on the basis that no New Listed Parent Shares will be issued to the Ineligible Shareholders.

If rollover relief is not available for a Shareholder, the Shareholder will make a capital gain on the disposal of an Embark Share if the capital proceeds received for that Embark Share exceeds the cost base of that Embark Share. The capital proceeds will be the market value (calculated as at the Implementation Date) of the New Listed Parent Share received in exchange for that Embark Share. As noted below, rollover relief is expected to be available for Australian resident Shareholders who hold their Embark Shares on capital account.

A Shareholder will make a capital loss if the capital proceeds are less than the reduced cost base of their Embark Shares. Embark Shares acquired in different transactions may have different cost bases and reduced cost bases and therefore capital gains may arise in respect of some Embark Shares, while capital losses may arise in respect of other Embark Shares. The cost base of each Embark Share, and any arising capital gain or loss, will depend on the individual circumstances of each Embark Shareholder.

Capital gains and capital losses of a taxpayer in a year of income from all sources are aggregated together with any unapplied net capital loss from prior years, to determine if the taxpayer has made a net capital gain. If a Shareholder makes a net capital gain for the year, they will be entitled to benefit from the CGT discount concession if:

- the Shareholder has beneficially owned the Embark Share for at least 12 months at the Implementation Date; and
- the Shareholder is an individual, the trustee of a trust, or a complying superannuation entity.

Should the CGT discount concession apply, a Shareholder will be entitled to reduce their capital gain realised on disposal of their Embark Shares by 50% (for individuals and trusts) or 33.33% (for complying superannuation entities). The CGT discount concession is applied only after available capital losses have been applied to reduce the capital gain. The CGT discount concession will not be available to a Shareholder that is a company.

Any net capital gain for the year after the application of any CGT discount concession is included in the taxpayer's assessable income and is subject to income tax at the taxpayer's marginal tax rate.

Net capital losses may not be deducted against other income for income tax purposes, but may be carried forward to offset against capital gains derived in future income years. Specific loss rules apply to Shareholders that are companies. These rules may limit the ability to offset capital losses in a current or later income year.

(b) Rollover relief

Broadly, the rollover pursuant to Division 615 of the ITAA97 enables shareholders of a company to disregard a company gain or capital loss from a share that is either disposed of, or redeemed or cancelled, as part of a re-organisation of the affairs of the company, where the shareholders become the owners of new shares in another company in exchange.

Embark has obtained advice from its Australian tax advisors that confirms the availability for rollover relief for Eligible Shareholders under Division 615 of the ITAA97. Embark has decided not to apply to the Commissioner of Taxation for a Class Ruling in relation to the availability of rollover relief. Embark Shareholders should obtain their own independent taxation advice and assurance in respect of the availability of rollover relief pursuant to Division 615 of the ITAA97.

Rollover relief will only be available where Eligible Shareholders and the New Listed Parent make a choice for this rollover relief to apply. In this respect:

- The New Listed Parent will make a choice for rollover relief to apply for Eligible Shareholders (as required by section 615-30 of the ITAA97); and
- Embark Shareholders who wish to choose to obtain the rollover do not need to lodge any written election – generally the choice is demonstrated by not including a capital gain or loss in respect of the share for share exchange in their tax return.

Where a Shareholder chooses to obtain rollover relief:

- any capital gain made as a result of the exchange of Embark Shares for New Listed Parent Shares is disregarded;
- the first element of the cost base of the New Listed Parent Share acquired in the exchange is the cost base of the Embark Share for which rollover relief is obtained; and
- the date of acquisition of the New Listed Parent Share for CGT purposes is taken to be the date of acquisition of the Embark Share (e.g. for the purposes of determining if the CGT discount is available for a later disposal of the New Listed Parent Share).

Non-resident Embark Shareholders (including New Zealand)

(a) Calculation of capital gain or loss

Embark Shareholders who are not residents of Australia for income tax purposes and do not hold their Embark Shares through a permanent establishment in Australia should be able to disregard any capital gain or capital loss that would otherwise arise from the disposal of their Embark Shares.

While Australian tax law applies in certain circumstances to tax a non-resident on the disposal of interests in an Australian company, this will only occur where the Shareholder, together with their associates, own at least 10% of the Australian company and more than 50% of the market value of the company's underlying assets is referable to direct or indirect interests in Australian real property. The Embark Directors are of the view that, as at the date of this Scheme Booklet, the interests Embark holds in real property does not exceed 50% of the value of Embark's total assets, and the Embark Directors expect that this will remain the position as at the Implementation Date. If that does remain the position at the Implementation Date, these provisions will not apply.

Non-resident Shareholders should also consider the taxation implications of the disposal of their Embark Shares in their territory of residence.

(b) Foreign resident capital gains withholding (FRCGW)

The FRCGW regime can impose a 12.5% 'withholding' obligation (calculated by reference to the purchase price) on the purchasers of certain assets (including shares which are 'indirect Australian real property interests' as defined in the income tax legislation) in certain circumstances.

On the basis that less than 50% of the market value of Embark's assets is attributable to direct and indirect interests in 'taxable Australian real property' (as defined in the income tax legislation), the FRCGW regime should not apply to the New Listed Parent's acquisition of Embark Shares from an Embark Shareholder.

Certain Australian income tax implications from holding and dealing in New Listed Parent Shares

The following comments only apply to holders of New Listed Parent Shares who are residents of Australia for Australian income tax purposes and hold their New Listed Parent Shares on capital account for Australian income tax purposes. The following comments only consider the Australian income tax treatment for these shareholders in relation to:

- dividends paid in respect of the New Listed Parent Shares; and
- future disposal of the New Listed Parent Shares.

We strongly recommend holders of New Listed Parent Shares to seek their own independent tax advice in relation to the Australian and foreign taxation implications of New Listed Parent Shares reflecting their own circumstances.

(a) Dividends received by holder of New Listed Parent Shares

Australian tax resident Embark Shareholders

Holders of New Listed Parent Shares may receive dividends from the New Listed Parent. Holders of New Listed Parent Shares that are Australian tax residents should be assessed on the amount of the dividends received, together with any franking credit attached to the dividend.

Where the franking credit is included in the New Listed Parent Shareholder's assessable income, the New Listed Parent Shareholder will generally be entitled to a corresponding tax offset. To be eligible for the franking credit and tax offset, New Listed Parent Shareholders must have held the New Listed Parent Shares at risk for a period of at least 45 days (not including the date of acquisition or the date of disposal) and free of any related payment obligations. A New Listed Parent Shareholder may not be taken to have held New Listed Parent Shares at risk where the New Listed Parent Shareholder or an associate holds a position (such as an option or other hedging arrangement) which materially diminishes the risks of loss or opportunity for gain in respect of those New Listed Parent Shares.

The holding period rule will not apply to a New Listed Parent Shareholder who is an individual whose tax offset entitlement (for all franked distributions received in the income year) does not exceed \$5,000 for the income year in which the franked dividend from the New Listed Parent is received.

Under current law, where the New Listed Parent Shareholder is an Australian tax resident individual, complying superannuation entity, or registered charity (in certain circumstances) and satisfies the

above requirements, the New Listed Parent Shareholder will generally be entitled to a refund of tax to the extent that the franking credit attached to the New Listed Parent Shareholder's dividends exceeds the New Listed Parent Shareholder's income tax liability for the relevant income year.

A Shareholder is not obliged to quote a tax file number (**TFN**), or where relevant, Australian Business Number (**ABN**), to the Company. However, if a TFN or ABN is not quoted and no exemption is applicable, income tax is required to be deducted by the Company at the highest marginal rate (currently 45%) plus Medicare levy (currently 2%) from certain dividends paid. The withholding requirement does not apply to the franked part (if any) of a dividend paid by the New Listed Parent.

Non-resident Embark Shareholders (including New Zealand)

Dividends paid to a non-resident of Australia should not be subject to Australian dividend withholding tax to the extent that the dividends have been franked or, if unfranked, the dividends have been declared to be conduit foreign income.

To the extent that a dividend is unfranked and has not been declared to be conduit foreign income, Australian dividend withholding tax will be required to be withheld by the Company on behalf of the non-Australian tax resident investor at a rate not exceeding 30%. Dividend withholding tax may be reduced under an applicable double taxation treaty Australia has with certain treaty countries.

(b) Future disposal of New Listed Parent Shares

Where a Shareholder of New Listed Parent Shares sells, transfers, or otherwise disposes of the New Listed Parent Shares to a third party, this should give rise to a CGT event for the holder of the New Listed Parent Shares.

The shareholder should realise a capital gain to the extent that the capital proceeds in respect of the CGT event exceed their cost base in the New Listed Parent Shares.

A shareholder should make a capital loss if the capital proceeds are less than the reduced cost base of their New Listed Parent Shares. New Listed Parent Shares acquired in different transactions may have different cost bases and reduced cost bases and therefore capital gains may arise in respect of some New Listed Parent Shares, while capital losses may arise in respect of other New Listed Parent Shares. The cost base of each New Listed Parent Share, and any arising capital gain or loss, will depend on the individual circumstances of each New Listed Parent shareholder.

To the extent that the Shareholder of the New Listed Parent Shares chooses Division 615 rollover in respect of the original exchange of the Embark Shares for New Listed Parent Shares, the cost base and reduced cost base for those New Listed Parent Shares should reflect the appropriate portion of the cost base and reduced cost base of the Embark Shares.

Capital gains and capital losses of a taxpayer in a year of income from all sources are aggregated together with any unapplied net capital loss from prior years, to determine if the taxpayer has made a net capital gain. If a Shareholder makes a net capital gain for the year, they will be entitled to benefit from the CGT discount concession if:

- the Shareholder has beneficially owned the New Listed Parent Share for at least 12 months at the relevant date; and
- the Shareholder is an individual, the trustee of a trust, or a complying superannuation entity.

Should the CGT discount concession apply, a Shareholder will be entitled to reduce their capital gain realised on disposal of their New Listed Parent Shares by 50% (for individuals and trusts) or 33.33% (for complying superannuation entities). The CGT discount concession is applied only after available capital losses have been applied to reduce the capital gain. The CGT discount concession will not be available to a Shareholder that is a company.

Any net capital gain for the year after the application of any CGT discount concession is included in the taxpayer's assessable income and is subject to income tax at the taxpayer's marginal tax rate.

Where Division 615 rollover relief applies to the exchange of the Embark Shares for New Listed Parent Shares, the New Listed Parent Shares will be treated for CGT discount purposes as having been acquired on the same date as the original Embark Shares.

Net capital losses may not be deducted against other income for income tax purposes, but may be carried forward to offset against capital gains derived in future income years. Specific loss rules apply to Shareholders that are companies. These rules may limit the ability to offset capital losses in a current or later income year.

Stamp duty

There should not be stamp duty (including landholder duty) payable by Embark Shareholders on the disposal of their Embark Shares under the Scheme.

Goods and services tax

No GST should be payable by Embark Shareholders on the disposal of Embark Shares under the Scheme. The acquisition and disposal of shares in a company is a financial supply which is an input taxed supply and therefore not subject to GST. The acquisition of shares in a company is also not a creditable acquisition for GST purposes.

8.3 Arrangements between Embark and the New Listed Parent

Embark and the New Listed Parent entered into the Scheme Implementation Agreement dated 26 April 2023. Under the Scheme Implementation Agreement, Embark agreed to propose a Scheme of Arrangement between Embark, the New Listed Parent and Embark's Shareholders as outlined in this Scheme Booklet. As the Scheme is effectively an internal corporate restructure and re-domicile of Embark without an effective change in control of Embark, the Scheme Implementation Agreement does not contain the customary warranties, undertakings and indemnities that would be usual for an agreement of this nature.

As Embark is responsible for proposing the Scheme, Embark has incurred certain external costs in connection with the Scheme.

8.4 Pre-emption clauses in Embark's constitution

There is no restriction on the right to transfer equity securities to which the Scheme relates contained in the constitution of Embark which has the effect of requiring the holders of the securities to offer the securities for purchase to Shareholders of Embark or to any other person before transferring the securities.

8.5 No escalation clause

There is no agreement or arrangement (whether legally enforceable or not) under which any existing holder of equity securities in Embark will or may receive in relation to, or as a consequence of, the Scheme any additional consideration or other benefit over and above the consideration under the Scheme, or any prior holder of equity securities in Embark will or may receive any consideration or other benefit as a consequence of the Scheme.

8.6 Equity securities of Embark and New Listed Parent

Embark has 159,549,484 Embark Shares on issue. All Embark Shares are fully paid and their terms of issue do not impose any liability on Shareholders to Embark.

Subject to certain conditions in the constitution of Embark and the NZX Listing Rules and ASX Listing Rules, each Embark Share confers upon the holder the right to:

- an equal share in dividends authorised by the Board;
- an equal share in the distribution of surplus assets on liquidation of Embark;
- participate in certain further issues of equity securities by Embark; and
- cast one vote on a show of hands or cast one vote per share on a poll, at a meeting of Shareholders on any resolution, including a resolution to:
 - appoint or remove a director or auditor;
 - alter Embark's constitution;
 - approve a major transaction;
 - approve an amalgamation involving Embark; and
 - put Embark into liquidation.

Each share to be issued in the New Listed Parent will be issued fully paid, without imposing liability on its holder to the New Listed Parent and will confer upon its holder comparable rights to those outlined above (although under the Corporations Act, there is no shareholder approval requirement for major transactions or to put a company into liquidation). Further details of the rights attaching to the shares to be issued in the New Listed Parent and other differences between New Zealand and Australian law applicable to Shareholders are set out in Schedule 2 to this Scheme Booklet.

In addition, as at the date of this document, Embark has 1,250,000 options on issue granted to Timothy Wong (*TW*), the former New Zealand CEO of Embark, each of which grants TW the right to be issued one ordinary share in Embark with an exercise price of \$1.20 per

share and with a termination date of 31 December 2023. Under the Scheme Plan, as explained in more detail in Schedule 1, the options in Embark will be cancelled and replacement options in New Listed Parent issued to TW on materially identical terms.

It is important to note that this summary does not purport to be a complete review of all matters of New Zealand law applicable to Embark or all matters of Australian law applicable to Australian publicly-listed companies or to highlight all provisions that may differ from the equivalent provisions in Australia.

Table: Comparison of laws governing Embark as a New Zealand publicly-listed company with laws governing Australian publicly-listed companies generally

Unless otherwise stated, the Corporations Act provisions do not apply to Embark as a foreign company and the vast majority of the ASX Listing Rule requirements do not apply to Embark as it is presently admitted to the ASX Official List as a foreign exempt listing.

After completion of the Scheme, the Corporations Act provisions will apply to the New Listed Parent.

Shareholders' right to request or requisition a general meeting	A special meeting of shareholders must be called by the board on the written request of shareholders holding shares carrying together not less than 5% of the voting rights entitled to be exercised on the issue.	The Corporations Act contains a comparable right. Shareholders with at least 5% of the votes that may be cast at the general meeting may also call and arrange to hold a general meeting at their own expense.
Shareholders' right to appoint proxies to attend and vote at meetings on their behalf	A shareholder may exercise the right to vote at a meeting either by being present in person or by proxy. A proxy is entitled to attend and be heard, and to vote, at a meeting of shareholders as if the proxy were the shareholder. A proxy must be appointed by notice in writing signed by or, in the case of an electronic notice, sent by the shareholder to the company. The notice of appointment must state whether the appointment is for a particular meeting or a specified term.	The position is comparable under the Corporations Act. To be effective, the proxy appointment (and any authority under which the appointment is made) must be given to the company at least 48 hours before the meeting.
Changes in the rights attaching to shares	A company must not take action that affects the rights attached to shares unless that action has been approved by a special resolution of each affected interest group. (An "Interest group" in relation to an action or proposal affecting the rights attached to shares means a group of shareholders whose affected rights are identical and whose rights are affected by the action or proposal in the same way and who comprise the holders of one or more classes of shares in the company).	The Corporations Act allows a company to set out in its constitution the procedure for varying or cancelling rights attached to shares in a class of shares. If a company does not have a constitution, or has a constitution that does not set out a procedure, the rights may only be varied or cancelled by: <ul style="list-style-type: none"> • a special resolution passed at a meeting for a company with a share capital of the class of members holding shares in the class; or • a written consent of members who hold at least 75% of the votes in the class.
Shareholder protections against oppressive conduct	A shareholder or former shareholder of a company (or any other entitled person) who considers that the affairs of a company have been (or are being, or are likely to be) conducted in a manner that is (or any act or acts of the company have been, or are, or are likely to be) oppressive, unfairly discriminatory, or unfairly prejudicial to him or her in any capacity may apply to the court for relief. The court may, if it thinks it is just and equitable to do so, make such orders as it thinks fit.	Under the Corporations Act, shareholders have statutory remedies for conduct that is: <ul style="list-style-type: none"> • contrary to the interests of the members as a whole; or • oppressive to, unfairly prejudicial to, or unfairly discriminatory against, a member or members in that capacity or in any other capacity. "2 strikes" rule in relation to remuneration reports	<p>There is no equivalent of a "2 strikes" rule in relation to remuneration reports in New Zealand. New Zealand companies are not required to publish remuneration reports so shareholders necessarily cannot vote on them.</p> <p>There is, however, an obligation to state in the company's annual report, in respect of each director or former director of the company, the total of the remuneration and the value of other benefits received by that director or former director from the company during the relevant accounting period and, in respect of employees or former employees of the company (not being directors of the company) who received remuneration and any other benefits in their capacity as employees during</p>	<p>The Corporations Act requires that a company's annual report must include a report by the directors on the company's remuneration framework (called a "remuneration report").</p> <p>For a listed company, a resolution must be put to a shareholder vote at each annual general meeting of the company's shareholders (AGM) that the remuneration report be adopted. The result of that vote is advisory only, however, if more than 25% of shareholders vote against the adoption of the remuneration report at 2 consecutive AGMs (i.e. 2 strikes) an ordinary (50%) resolution must be put to shareholders at the second AGM proposing that a further meeting be held within 90 days at which all of the directors who were directors when</p>

Related party transactions and interests	<p>The company must comply with NZX Listing Rule requirements in respect of related party transactions, except to the extent this obligation is modified by waivers or rulings granted by NZX Regulation Limited in respect of the company.</p> <p>In particular, shareholder approval is required for significant transactions between a listed company and a "related party". The definition of related party catches a number of persons, for example, a director of a listed company, or the holder of a relevant interest in 10% or more of a class of securities of a listed company carrying votes. A related party who is a direct party to or a beneficiary of a material transaction (and its associates) are prohibited from voting in favour of a resolution to approve that transaction.</p> <p>The Financial Markets Conduct Act 2013 requires a director or officer of a listed issuer who has a "relevant interest" in a quoted financial product of the listed issuer to give notice of this fact to NZX and to disclose any such relevant interest in the interests register of the listed issuer.</p> <p>The Companies Act requires directors who are "interested" in transactions or potential transactions with the company to make appropriate disclosure to the company. Under a company's constitution and the NZX Listing Rules, interested directors will generally not be permitted to vote on such transactions.</p> <p>Director remuneration requires approval of shareholders under the NZX Listing Rules. Certain share issues, redemptions and buybacks, and certain "financial assistance" in connection with the purchase of shares, will also require shareholder approval if a director (or an associated person of a director) is party to that transaction.</p> <p>Each New Zealand company is required to keep an interests register, containing particulars of certain director disclosure.
