

PaySauce replaces Reckon's NZ payroll product

Lower Hutt, New Zealand - 10 February 2022

PaySauce Limited (NZX:PYS) announces a partnership with accounting software provider Reckon Limited (ASX: RKN) to replace Reckon's existing payroll product in New Zealand.

Reckon payroll, currently used by a portion of Reckon's New Zealand customers, will no longer be supported by the company in March. Those customers can now use PaySauce via a new integration with Reckon Accounts to continue running their payroll.

PaySauce CEO and Co-founder Asantha Wijeyeratne said, "We're committed to ensuring employers in New Zealand can rest easy when it comes to compliance with payroll standards, so saying yes to a seamless transition for Reckon's existing payroll users was obvious."

As the PaySauce integration is available to all Reckon Accounts customers from today, this partnership is also expected to deliver more customers to the PaySauce platform on top of continued growth.

ENDS
