New Talisman Gold Mines Limited (NTL) is pleased to present a report on activities for the quarter ended 30 June 2023.

This quarter the company made solid progress on preparations for a return to underground operations.

During the quarter NTL progressed the following key matters.

- Completed placement of shortfall under the recent Rights Issue.
- Completed placement of Ineligible Investor rights on behalf of ineligible Investors.
- Appointed Terra Firma Mining Ltd to operate Talisman Mine and to perform all related general management responsibilities to support the recommencement of operations at Talisman.
- Released our Annual Report to shareholders
- Commenced engagement with key stakeholders associated with the recommencement of activities at the Talisman mine.
- Commenced appointment of key statutory roles.
- Supplied information to the Dept of Conservation for continuation of Access Arrangements.
- Withdrew a non-conforming application submitted by previous management for extension of land area of the Talisman permit over the neighbouring tenement and substituted this with a conforming application with NZ Petroleum and Minerals for an exploration permit at Rahu.

Post quarter end an application was made to the Minister of Lands and Natural Resources in the Government of Vanuatu, for an extension of time for Prospecting Licence PL1851. That application has been successful. The Minister has agreed to extend the permit timeframe a further two years until October 2025, noting that the prospecting work will bring benefits to both the NTL Group and the Republic of Vanuatu. The extension provides certainty for the advancement of discussions with potential partners in a Work programme drafted for the Permit area.

During the quarter the Company paid \$45,082 for director fees to companies in which directors and major shareholders have a substantial interest. The Company paid \$17,500 to John Upperton in his capacity as Strategic Delivery Manager.
