Booster Innovation Fund adds MACSO to its investment portfolio

Booster is pleased to announce the addition of MACSO to the Booster Innovation Fund (BIF) portfolio.

MACSO operates in the information technology services sector with an initial focus on the animal health sector. It specialises in developing edge and cloud based artificial intelligence technology that uses sensors to remotely monitor its customers operating environments. MACSO was formed in 2021 and is classified as seed stage.

BIF will make a cash investment of \$250,000. Following this transaction (and issue of additional units to fund the purchase), MACSO will represent 2.0% of BIF's investment portfolio of 28 companies, and with a net asset value of over \$12.5m.

Investors can continue to purchase units in BIF on the NZX or can subscribe for units in the fund as part of the process described in the fund's Product Disclosure Statement (PDS) that is available at www.booster.co.nz
