About Cannasouth Limited

Cannasouth is a biopharmaceutical research and product development company based in the Waikato heartland of New Zealand. The Company has been established to focus on the development of the medicinally beneficial attributes of cannabinoid compounds such as CBD, THC and associated chemical structures that are produced by the cannabis plant. Our goal is the development of next-generation cannabinoid medicines that support patients' health outcomes and improve their quality of life. Our products will be under GMP using environmentally friendly methods without the use of harmful chemicals or solvents, ensuring patients are treated with pure cannabinoid therapeutic compounds of the highest quality. The Cannasouth group holds commercial medicinal cannabis licenses granted by the Medicinal Cannabis Agency for cultivation, possession to manufacture, and supply activities.
